Plan

Attachment E

Lead Department / Agency	Primary Purpose	Target Population / Stakeholders
HCD + Sustainability Planning	Support climate mitigation compliance and emissions reduction.	Developers; regulated industries; residents; County decision makers.
AMBAG + Caltrans + County partners	Protect and adapt coastal transportation infrastructure from climate and coastal hazards.	Coastal communities; tourism economy; transportation agencies.
AMBAG + Sustainability partners	Expand and plan resilient EV infrastructure and clean mobility adaptation.	EV users; utilities; commuters; local governments.
County Administrative Office (CAO)	Reduce County operational emissions and align facilities and operations with sustainability goals.	County departments; employees; taxpayers.
HCD – Advance Planning	Identify and rezone land to accommodate future housing production.	Developers; future residents; housing agencies; local communities.
Department of Emergency Management	Coordinate emergency preparedness, response, annexes, and operational area responsibilities.	Residents; responders; public agencies; partner organizations.
Monterey County EMS Agency	Guide emergency response, trauma system planning, medical disaster preparedness, and EMS coordination.	Emergency patients; hospitals; EMS providers; responders.
AMBAG	Coordinate regional transportation and land use planning for the Monterey Bay region.	Monterey Bay regional residents; commuters; local jurisdictions.
Transportation Agency for Monterey County (TAMC)	Guide long-range transportation investment planning and funding priorities.	Drivers; transit riders; freight operators; local jurisdictions.
TAMC / Public Works	Plan smart traffic, communications, and transportation system technologies.	Commuters; emergency responders; transportation agencies.

HCD + Agricultural
Commissioner

Preserve farmland and
mitigate agricultural
conversion impacts.

Farmers; developers; rural
communities; agricultural
stakeholders.

Pajaro Valley Water
Management Agency

Manage groundwater
resources and prevent
overdraft in the Pajaro Valley.

Agricultural users; residents;
businesses; water agencies.

Salinas Valley Basin GSA

Achieve long-term
groundwater sustainability in
the Salinas Valley Basin.

Agricultural users; residents;
water agencies; disadvantaged
communities.
