

ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
AMENDING CHAPTERS 8.04 AND 8.08 OF THE MONTEREY COUNTY CODE
CONCERNING MANDATORY SPAY/NEUTER OF CATS AND DOGS**

County Counsel Summary

This ordinance amends Chapters 8.04 and 8.08 of the Monterey County Code to require that all dogs over the age of six months and cats over the age of five months be spayed or neutered. The ordinance aims to promote responsible pet ownership in the unincorporated Monterey County and address the issue of pet overpopulation in our community by mandating spaying and neutering of dogs and cats and creating a permitting process for keeping unaltered animals and breeding animals, while allowing certain exemptions.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1. Findings.

A. Pursuant to Article XI, section 7 of the California Constitution, the County of Monterey may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its citizens.

B. The Board of Supervisors recognizes that there is a substantial population of unspayed and unneutered dogs and cats within the unincorporated areas of Monterey County and that reproduction by these animals leads to an increased population of unwanted, homeless and stray dogs and cats, which in turn leads to increased need to humanely euthanize healthy dogs and cats, and otherwise has significant negative effects on the health, safety and welfare of the public.

C. The Board of Supervisors finds that in order encourage compliance with this ordinance and discourage violations, after an initial no-fine 60-day correction notice is given for a first violation, administrative citations imposing civil penalties of up to five hundred dollars (\$500.00) for a second violation and up to one thousand dollars (\$1,000.00) for third and subsequent violations are reasonable and effective means of obtaining compliance with this ordinance.

D. The Board of Supervisors finds and declares that a program for mandatory spaying and neutering of dogs and cats kept within the unincorporated areas of Monterey County and implementation of a permitting process keeping unaltered pets or engaging in breeding of animals is a reasonable and effective means of reducing the populations of unwanted, homeless or stray dogs and cats, reducing the need to humanely euthanize healthy dogs and cats, and providing for the health, safety and welfare of the public.

SECTION 2. Section 8.04.010 is hereby amended to insert the following sentences:

“Neutered” refers to the procedure performed by a licensed veterinarian on male animals, under anesthesia, to remove testicles to prevent breeding.

“Spayed” refers to the procedure performed by a licensed veterinarian on female animals, under anesthesia, to remove the ovaries and uterus to prevent breeding.

SECTION 3. Chapter 8.08 entitled “Vaccination, Vaccination Certificate, and License” is hereby amended to change its title as follows:

Chapter 8.08 - Vaccination, Vaccination Certificate, License, and Mandatory Spaying and Neutering.

SECTION 4. Section 8.08.060 is hereby added to the Monterey County Code to read as follows:

8.08.060 – Mandatory Spaying and Neutering.

C. The following animals are exempt from the provisions of this Section:

- D. The owner of an unaltered female dog furnishes the Animal Control Officer with a signed statement agreeing that the female unaltered animal will have no litters per year, unless the owner also obtains and maintains a permit for breeding the animal.

8.08.080 – Breeding permit.

breeder permit shall be valid for one year from the date of issuance and may be renewed annually prior to the expiration date. Each applicant for a breeder permit shall pay an annual fee as prescribed by the County Board of Supervisors and set forth in the fee schedule. Under no circumstances shall a breeder permit be issued to a person who has been convicted of animal cruelty or neglect.

B. The Animal Control Officer shall establish procedures for and administer a breeder permit program to allow the responsible breeding of unaltered dogs and cats, including limitations on the total numbers of breeding permits to be issued within the unincorporated area of Monterey County. In addition to the procedures set forth by the Animal Control Officer:

1. Any breeder permit holder who advertises to the public the availability of any dog or cat for sale, adoption, or transfer, whether for compensation or otherwise, must prominently display the breeder permit number in any such advertisement. Further, the breeder permit holder must provide the permit number to any person who purchases, adopts, or receives any animal from the permit holder and include the permit number on any receipt of sale or transfer document.
2. Breeder permits will not be issued for animals under twelve months of age or over seven years of age.
3. Any breeder permit holder selling or otherwise transferring a dog or cat, whether for compensation or otherwise, shall maintain records for a period of three years containing the name, address, and telephone number of the animal's new owner on a form approved by the Animal Control Officer.
4.
