#### SUMMARY/DISCUSSION

Proposition 1, approved by California voters in March 2024, authorized the issuance of \$6.4 billion in general obligation bonds to finance behavioral health treatment beds, supportive housing, community sites and housing for veterans with behavioral health needs. The first round of funding has earmarked \$51.8 million for the Central Coast region, which includes Monterey, San Benito, San Luis Obispo, Santa Barbara, and Santa Cruz counties plus an additional \$342 million in discretionary competitive funding. Monterey County intends to apply for \$11 million to assist in the development of a Behavioral Health Urgent Care Clinic within a proposed 2-story Behavioral Health building on Constitution Blvd. in Salinas, CA.

The California Department of Health Care Services (“DHCS”) is administering the Proposition 1: Behavioral Health Infrastructure Bond Act of 2024 (“Program”) through its administrative entity Advocates for Human Potential, Inc. (“AHP”). In July 2024, DHCS and AHP issued a Request for Applications (“RFA”) for the Program. As one of the conditions, AHP requires the County to formally authorize acceptance of grant funds by executing an authorizing resolution from the Board of Supervisors, as attached hereto. This Board Action seeks to comply with the resolution requirement and preserve the County’s ability to further explore securing these funds.

This work supports the County of Monterey Health Department 2018-2024 Strategic Plan Goal(s): 2) Enhance community health and safety through prevention; and 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one or more of the ten essential public health services, specifically: 4) Mobilize community partnerships and action to identify and solve health problems; and 7) Link people to needed personal health services and assure the provision of health care when otherwise unavailable.

#### OTHER AGENCY INVOLVEMENT

The Office of County Counsel has reviewed this item as to legal form. The Department of Public Works, Facilities, and Parks has consulted on this matter and will continue to consult with the Health Department as the Health Department manages this project as it moves forward.

#### FINANCING

The project amount was not included in the Health Department’s Behavioral Health Bureau’s (HEA012, BU 8410) FY 2024-25 Adopted Budget. If awarded, the Bureau will return to the Budget Committee and Board of Supervisors to request an increase in appropriations funded by an increase in grant revenues.
