The proposed ordinances amending the Monterey County Code establishing regulations for Vacation Rentals came before the Planning Commission at a duly noticed public hearing on

June 12, 2024. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony and other evidence presented, the Planning Commission forwards the following recommendation to the Board of Supervisors with reference to the following facts:

I. RECITALS

1. Pursuant to Article XI, section 7 of the California Constitution, the County of Monterey may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its citizens.

2. In 1997, in response to community challenges, Monterey County adopted regulations for Transient Use of Residential Properties (aka, “short-term rentals”) in the unincorporated areas of Monterey County, attempting to balance the use of private homes with the hospitality industry.

3. California Coastal Commission staff responded that they would not recommend certification of the County’s ordinance for Transient Use of Residential Properties in the unincorporated coastal area without significant changes, which were never made.

4. Beginning in 2014, renewed interest in vacation rentals growing out of increased social media and internet accessibility resulted in increased pressures on local communities, which created conflicts and tensions in neighborhoods.

5. The County of Monterey Housing and Community Development Department (“HCD”) conducted multiple community and stakeholder meetings regarding developing regulations of vacation rentals for overnight accommodations in residential areas in the unincorporated areas of Monterey County.

6. Between March 2015 and February 2016, former Fifth District Supervisor Dave Potter convened and HCD staffed nine meetings of the Short-Term Rental Working Group to discuss and provide input to County staff for ordinance development.

7. On March 22, 2016, the Planning Commission (“Commission”) received a status update from staff on the development and timeline for the vacation rental ordinances. The Commission received the presentation and provided input to staff.

8. On July 13, 2016, the Commission held a workshop to receive information on the development of regulations for vacation rentals and provide direction to staff on “if/where vacation rentals should be allowed.” The Commission received the presentation and provided direction that staff should proceed with developing an ordinance and develop a clear definition of what a vacation rental is and update the Monterey County Code (“MCC”) to reflect these definitions.

9. On November 9, 2016, the Commission held a workshop to receive information on vacation rental characteristics and thresholds and provide direction to staff regarding developing draft regulations for vacation rentals. The Commission directed staff to handle different types of vacation rentals distinctly, explore requiring business licenses for vacation rentals, present to the Land Use Advisory Committees (“LUACs”), and consult with the Coastal Commission.

10. On May 10, 2017, the Commission held a duly noticed public hearing to consider the preliminary draft regulations for vacation rentals, provide input to staff on separating the process for inland and coastal regulations, and provide direction to staff relative to drafting regulations and process. The Commission directed staff to address the issue of vacation rentals as a part of the Big Sur Coast Land Use Plan Update (REF 210024) and to continue the hearing to the May 31, 2017 Commission hearing.

11. On May 31, 2017, the Commission held a duly noticed continued public hearing and continued the hearing to June 28, 2017 Commission to enable a topic-by-topic discussion of the preliminary draft regulations.

12. On June 28, 2017, the Commission held a duly noticed continued public hearing and provided direction to staff on the following topics: 1) simplify the types of vacation rentals; 2) allow hosted vacation rentals to be approved with a relatively simple permit process and non-hosted vacation rentals should be permitted using a Use Permit process; 3) develop recommendations and discussion regarding frequency limitations; 4) remove requirements requiring two functioning on-site wastewater treatment systems (“OWTS”); 5) do not require a new water system permit category for vacation rentals; and 6) return to the Commission in fall 2017 with a draft ordinance.

13. On November 29, 2017, the Commission held a duly noticed public hearing and provided direction and input to staff on the preliminary draft vacation rental ordinances.

14. On January 10, 2018, the Commission held a duly noticed public workshop to receive information on the updated draft vacation rental ordinances and provide input to staff on whether the ordinances should include regulations for the Big Sur Coast Planning Area. The Commission directed staff to incorporate the Big Sur Coast Planning Area into the vacation rental ordinances. The Commission also directed staff to place an item on the January 31, 2018 Commission agenda for the Commission to discuss and consider recommendations to the Board of Supervisors (“Board”) regarding measures to enhance vacation rental code compliance.

15. On January 31, 2018, the Commission considered a recommendation to the Board concerning vacation rental code compliance.

16. On June 19, 2018, the Board requested that HCD formulate a response to the January 31, 2018 Commission letter requesting policy direction related to vacation rental code compliance and enforcement.

17. On July 11, 2018, the Commission conducted a public workshop and provided direction for drafting ordinances regulating vacation rentals.

18. On July 17, 2018, the Board conducted a hearing on vacation rental code compliance and enforcement and provided direction to staff regarding implementing a third-party software system to provide code compliance and enforcement.

19. On July 24, 2019, the Commission conducted a public hearing to consider draft vacation rental ordinances and provide the Board with direction on recommended regulations.

Attachment H

20. On June 10, 2020, the Commission conducted a public hearing to consider draft vacation rental ordinances, provide direction on draft regulations to present to the Board and adopt a resolution recommending that the Board consider and provide policy direction on vacation rental ordinances.

21. On November 17, 2020, the Board conducted a planning study and provided policy direction on draft vacation rental ordinances. The Board requested additional analysis to be conducted on vacation rentals in Monterey County. The Board directed staff to treat most vacation rentals as commercial vacation rentals but with exceptions for limited vacation rentals, allowing no more than three non-hosted rentals annually.

22. On May 21, 2021, the Board conducted a planning study and provided policy direction on draft vacation rental ordinances. The Board discussed setting a cap on the number of vacation rentals allowed per Planning Area and that staff prepare to conduct a California Environmental Quality Act (“CEQA”) analysis of the vacation rental ordinances.

23. The County of Monterey (“County”) determined that it would prepare an Environmental Impact Report (“EIR”) in conjunction with its vacation rental ordinances amending Titles 7, 20, and 21 of the MCC to comply with CEQA and provide environmental review documentation as part of the vacation rental ordinances (“Project”). This determination to prepare an EIR was made in accordance with Public Resources Code section 21000 *et seq.* The preparation of an EIR was made to determine if the Project would result in a physical change in the environment that resulted in a significant environmental impact.

24. The County contracted with Ascent Environmental, Inc. (“Ascent”) on March 30, 2022, and directly supervised Ascent to assist HCD with the preparation of the EIR.

25. The County issued a Notice of Preparation (“NOP”) and Initial Study (“IS”) of preparation of an EIR for amendments to MCC and for the purpose of establishing regulations, standards, and circumstances under which vacation rentals may be allowed. In accordance with Public Resources Code section 21092 and CEQA Guidelines (14 CCR section 15082), the County issued the NOP and IS on August 29, 2022. The County circulated the NOP and IS to responsible and trustee agencies, organizations, and interested individuals to solicit comments on the Project. The County followed required procedures related to distribution of the appropriate notices and environmental documents to the State Clearinghouse. The NOP and IS was received by the State Clearinghouse (State Clearinghouse No. 2022080643) and distributed for a 30-day public review period on August 29, 2022. A revised NOP and IS was released on September 6, 2022, to correct errors in the original NOP and IS, and the public review period was extended to provide a full 30 days for the public to review the revised NOP and IS. Two public scoping meetings were conducted by the County: one on September 6, 2022, at 5:00 p.m. and one on September 19, 2022, at 1:00 p.m. The first scoping meeting was held both in person, at the Monterey County Government Center Administration Building, located at 168 West Alisal Street, 2nd Floor (Monterey Room), in Salinas, as well as virtually via Zoom; and the second scoping meeting was held virtually via Zoom.

26. On January 27, 2023, the County gave formal email notification to the California Native American tribes traditionally and culturally affiliated with the area of Monterey County listed on page 4.11-7 in the Draft EIR that the County was preparing ordinances for vacation rentals in the unincorporated Monterey County and of the opportunity to consult regarding the proposed project and for which the County did not receive a request for consultation.

Attachment H

27. On February 28, 2023, Fifth District Supervisor Mary Adams added a referral item to the Board referral matrix. This referral item requested consideration of an interim ordinance to enact a stay or moratorium on the issuance of administrative permits for transient use of residential property in the unincorporated areas of Monterey County.

28. On April 25, 2023, the Board supported HCD's recommendation that until such time as new vacation rental regulations are in place, all applications (pursuant to MCC Section 21.64.280) in the inland unincorporated areas of District 5 would be referred to the Planning Commission due to the significant public policy issue posed in that area. The Board did not support further work on an interim ordinance.

29. On December 11, 2023, the Draft EIR was released for a 49-day public review and comment period, which ended on January 29, 2024. The Notice of Completion, Notice of Availability, and the Draft EIR were submitted to the State Clearinghouse for distribution to reviewing agencies and posted on the County website. As a result of these notification efforts, comments were received from agencies, organizations, and individuals on the content of the Draft EIR. Chapter 3, "Responses to Comments," of the Final EIR identifies these commenting parties, identifies their respective comments, and presents responses to these comments. None of the comments received or the responses provided constitute "significant new information" as defined by CEQA Guidelines section 15088.5.

30. The Draft EIR did not identify significant and unavoidable impacts. All impacts identified in the Draft EIR would either be less than significant, have no impact, or no significance conclusion. Therefore, CEQA Guidelines section 15091(a) has not been met, and the adopting of a mitigation monitoring and reporting program is not required for the Project.

31. The Draft EIR discusses the unusual circumstances for this Project. The Project adds regulatory requirements that limit the extent to which an existing use is allowed and, through these requirements and policy requirements, avoid or minimize impacts that may occur. There would be no direct physical changes from construction, and the Project would place a cap on commercial vacation rentals where such a cap does not currently exist; the Project provides regulations to address notice, overnight and daytime occupancy, and other social and economic issues raised by the public. The Draft EIR relies on reasonable assumptions based on facts to evaluate the potential impacts resulting from the implementation of the Project. The Draft EIR also explains the basis for its conclusion and describes uncertainty surrounding impacts where any such uncertainty exists.

32. The County has reviewed the Final EIR for the Project, which consists of the Draft EIR and the Responses to Comments on the Draft EIR. The County has considered the public record on the Project. The County has exercised independent judgment in accordance with Public Resources Code section 21082.1(c)(3) in retaining its own environmental consultant in the preparation of the EIR, as well as reviewing, analyzing, and revising material prepared by the consultant. Having received, reviewed, and considered the information in the Final EIR, as well as all other information in the record, the County hereby makes findings pursuant to and in accordance with Public Resources Code sections 21081, 21081.5, and 21081.6. In accordance with CEQA and the CEQA Guidelines, the County agrees that no Findings of Fact is required because no impacts were identified with the implementation of the proposed regulations.

Attachment H

33. In accordance with CEQA, the County has considered the effects of the Project on the environment, as shown in the Draft EIR, Final EIR, and the whole of the administrative record, prior to taking any action to approve the Project. The Final EIR was released to agencies that submitted comments on the Draft EIR for the required 10-day distribution period beginning May 21, 2024. The Final EIR was also made available to other commenters and the general public by posting the document on the County's website on the same day. The Final EIR was submitted to the Commission during the 10-day distribution period. The Board of Supervisors will consider certification of the EIR at a public hearing. The Findings of Fact document for the Project have been included in **Attachment 6**, and in accordance with CEQA and the CEQA Guidelines, the County agrees that no Findings of Fact is required because no impacts were identified with the implementation of the proposed regulations.

34. On April 24, 2024, the Agricultural Advisory Committee voted to recommend with 6 ayes and 2 noes that the Commission amend the Compatible Uses for Williamson Act Contracts (Agricultural Preserves and Farmland Security Zones) by adding Vacation Rentals within a single-family dwelling as a permitted compatible use.

35. State law requires the Commission to hold a noticed public hearing on proposed amendments to zoning ordinances and to make a written recommendation to the Board of Supervisors.

36. On May 29, 2024, the Commission held a duly noticed public hearing to consider making a recommendation to the Board on the proposed ordinances (Attachments 1, 2, and 3) and amendments to Board Resolution Number 01-485 (Attachments 4 and 5). At least 10 days before the hearing date, notices of the hearing before the Commission were published in the Monterey County Weekly.

37. On June 12, 2024, the Commission held a continued duly noticed public hearing and recommended that the Board certify the Final EIR, adopt the proposed ordinances (Attachments 1, 2, 3) with recommended modifications, and consideration of additional policy options to be researched by staff, and amendments to Board Resolution Number 01-485 (Attachments 4 and 5). The Commission recommended that staff modify the proposed ordinances to clarify the allowability of renting Guesthouses as part of a Vacation Rental, supported adding regulations for Homestays as a separate Vacation Rental type, updated maximum occupancy to exclude infants (0 – 12 months) and allow a plus one occupant per Vacation Rental while ensuring that the occupancy limitations do not violate building and safety code requirements and County of Monterey Health Department Environmental Health Bureau regulations, clarify edits to the purpose of preserving a sense of neighborhood security and safety, clarify the requirements to post the Advertised Rental Rate, and prohibit Commercial Vacation Rentals in residential zoning districts in the Moss Landing Community Plan Area. The Commission additionally requested that staff research and prepare options for Board consideration on the following topics: allowing Vacation Rentals to post outdoor signs to allow visitors and neighbors to easily locate Vacation Rentals, limiting the number of Commercial Vacation Rentals that a single Owner can have at any one time, prohibiting the operation of Vacation Rentals of investor-owned properties, allowing the County to fine Hosting Platforms that do not comply with the proposed ordinances, increasing the maximum fines for violations of the proposed ordinances, reducing the date that previously operating Vacation Rentals would be required to come into compliance with Title 20 (Coastal Zoning) Ordinance, and researching approaches to streamline the Homestay permit process and reduce fees.

II. DECISION

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission hereby recommends that the Board of Supervisors:

- a) Find the vacation rental ordinances consistent with the Final Environmental Impact Report (Final EIR) and certify the Final EIR for the amendments to the Monterey County Code (SCH # 2022080643);
- b) Adopt an ordinance amending Title 7 of Monterey County Code to amend Section 7.02.060 and add Chapter 7.120 – *Regulations for Vacation Rentals* (**Attachment 1**);

AMENDING SECTION 7.02.060 AND ADDING CHAPTER 7.120 TO THE MONTEREY
COUNTY CODE RELATING TO VACATION RENTAL ACTIVITIES**

County Counsel Summary

This ordinance amends Section 7.02.060 and adds Chapter 7.120 to the Monterey County Code to regulate the short-term vacation rental of residential property. This ordinance aims to strike a balance, allowing residents of unincorporated Monterey County to benefit from the tourism economy, while also ensuring that residential neighborhoods are protected from the potential negative social and behavioral impacts of short-term vacation rentals. This ordinance requires a business license and a vacation rental operation license for any short-term vacation rental operations in the unincorporated Monterey County. This ordinance further requires that short-term vacation rentals meet certain operational requirements and safety and health standards. This ordinance details the vacation rental operation license application requirements, the criteria for granting the license, and the fees. This ordinance also includes requirements that online short-term vacation rental platforms are required to satisfy to ensure unlicensed short-term vacation rentals are not advertised or rented. Lastly, this ordinance contains the process for revocation and enforcement against short-term vacation rental operations that are violating their licenses.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1. Findings and Declarations

A. Pursuant to Article XI, Section 7 of the California Constitution, the County of Monterey (“County”) may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its residents.

C. Tourism is a top economic driver of the regional economy, and Monterey County is recognized globally as a premier tourist destination. To help safeguard the reputation of Monterey County and the economic benefits tourism provides the region, regulations and standards for the operation of short-term vacation rentals are necessary to protect the health, safety, and welfare of visitors staying in short-term vacation rental accommodations and residents of Monterey County.

D. Regulation of short-term vacation rentals is necessary because they potentially could create impacts that are different than residential uses, including but not limited to: different

Attachment H

character, density, and intensity than residential uses; removal of long-term housing from the market; and hazards to the public health, safety and general welfare in areas known to have infrastructure limitations.

E. This Ordinance aims to strike a balance, allowing residents of unincorporated Monterey County to benefit from the tourism economy while also ensuring that residential neighborhoods are protected from the potential negative social and behavioral impacts of short-term vacation rentals.

This Ordinance requires licenses for any short-term vacation rental operations in the unincorporated Monterey County, and requires that short-term vacation rentals meet certain operational requirements and safety and health standards. This Ordinance details the vacation rental operation license application requirements, the criteria for granting the license, and the fees. Lastly, this Ordinance contains the process for revocation and enforcement against short-term vacation rental operations that are violating their licenses.

G. This Ordinance recognizes that unique neighborhoods with existing developments were established with the intent of managed short-term rentals, such as Monterey Dunes Colony and these developments are exempt from the regulations set forth in this Ordinance. Such developments are not exempt from compliance with Chapter 5.40, requiring payment of transient occupancy tax, and Chapter 7.02, requiring a business license.

H. The County of Monterey has reviewed the Final Environmental Impact Report (“EIR”) for the project, which consists of the Draft EIR and the responses to comments on the Draft EIR. The County has exercised independent judgment in accordance with Public Resources Code section 21082.1(c)(3) in retaining its own environmental consultant in the preparation of the EIR, as well as reviewing, analyzing, and revising material prepared by the consultant. ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
AMENDING TITLE 20 (COASTAL ZONING) OF THE MONTEREY COUNTY
CODE RELATING TO VACATION RENTALS**

County Counsel Summary

This Ordinance amends numerous definition and zoning district use sections of Title 20, and adds adds Section 20.64.290 to the Monterey County Code to regulate the short-term vacation rental of residential property. This Ordinance aims to strike a balance, allowing residents of unincorporated Monterey County to benefit from the tourism economy while also ensuring that residential neighborhoods are protected from the potential negative social and behavioral impacts of short-term vacation rentals. This Ordinance details which zoning districts short-term vacation rentals are allowed. This Ordinance requires a coastal development permit for commercial vacation rentals that have similar land use impacts to a visitor/serving use, such as hotels, motels, inns, and lodges. This Ordinance further requires that short-term vacation rentals meet certain operational requirements and safety and health standards that reflect their potential impacts. Lastly, this Ordinance contains the process for phasing out unpermitted commercial short-term vacation rentals.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1. Findings and Declarations.

A. Pursuant to Article XI, Section 7 of the California Constitution, the County of Monterey (“County”) may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its residents.

B. This Ordinance is intended to provide regulations, standards, and circumstances under which short-term vacation rentals may be allowed in certain residential unincorporated areas of Monterey County.

C. The intent of this Ordinance is to distinguish between two types of short-term vacation rentals, commercial vacation rentals and limited vacation rentals, such that commercial vacation rentals require a discretionary land use entitlement while limited vacation rentals are defined in a manner to be similar in character, density, and intensity to residential use, are not anticipated to remove long-term housing from the market, and therefore are allowed uses, where applicable, with a vacation rental operation license, business license, and transient occupancy tax certificate.

Attachment H

D. Regulation of commercial vacation rentals is necessary because they have the potential to impact the character and intensity of an otherwise residential use. Impacts include, removing long-term housing from the market, or posing hazards to public health, safety and general welfare in areas known to have infrastructure limitations. Commercial vacation rental uses, therefore, may be allowed, where applicable, only with a discretionary coastal development permit, vacation rental operation license, and business license. This Ordinance recognizes that unique neighborhoods with existing developments were established with the intent of managed short-term rentals, such as Monterey Dunes Colony and these; developments are exempt from the regulations set forth in this Ordinance, including the need to apply for a vacation rental operation license. Such developments are not exempt from compliance with Chapter 5.40, requiring payment of transient occupancy tax, and Chapter 7.02, requiring a business license.

E. This Ordinance establishes the requirement for a coastal development permit for commercial vacation rental activities to enable evaluation of the impacts of such activities, in recognition that commercial vacation rentals may have similar land use impacts as other recreational/visitor-serving uses such as hotels, motels, and bed and breakfast facilities and deserve similar evaluation as such visitor-serving uses.

F. Because the nature and extent of short-term vacation rentals have been transformed in the last several years due to the advent of online platforms, this Ordinance intends to establish regulations for limited vacation rentals and commercial vacation rentals. Accordingly, this ordinance intends to add Section 20.64.290 to the Monterey County Code to establish regulations for vacation rentals.

G. To allow for a reasonable amortization of investment for existing short-term vacation rental operations, this Ordinance provides an initial defined time period during which an unpermitted vacation rental may continue to operate, provided the vacation rental activity was established prior to the effective date of the Ordinance and the operator is pursuing all necessary County permits, licenses, and entitlements pursuant to Section 20.64.290 of the Monterey County Code.

H. The County has reviewed the Final Environmental Impact Report (“EIR”) for the project, which consists of the Draft EIR and the responses to comments on the Draft EIR. The County has exercised independent judgment in accordance with Public Resources Code section 21082.1(c)(3) in retaining its own environmental consultant in the preparation of the EIR, as well as reviewing, analyzing, and revising material prepared by the consultant. Having received, reviewed, and considered the information in the Final EIR, as well as all other information in the record, the County hereby makes findings pursuant to and in accordance with Public Resources Code sections 21081, 21081.5, and 21081.6. In accordance with California Environmental Quality Act (“CEQA”) and the CEQA Guidelines, the County agrees that no findings of fact is required because no impacts were identified with the implementation of the proposed regulations. The Final EIR for the Vacation Rental Ordinances project (SCH # 2022080643) has been completed and certified in compliance with CEQA prior to the adoption of this Ordinance and reflects the independent judgment and analysis of the County of Monterey.

Attachment H

I. The County intends to carry out the amendments in a manner fully in conformity with the Coastal Act.

J. This Ordinance amends the Monterey County Coastal Implementation Plan, which is part of the County's Local Coastal Program. Pursuant to the Coastal Act, the County may amend the certified Local Coastal Program provided the County follows certain procedures. The procedures include the following: the County's Planning Commission holds a notice public hearing and make a recommendation to the Board of Supervisors on the proposed amendment; the Board of Supervisors holds a noticed public hearing, adopts a resolution of intent, and submits the proposed amendment to the California Coastal Commission for certification together with materials sufficient for a thorough and complete review; the Coastal Commission certifies the amendment; the Board of Supervisors takes subsequent final action on the ordinance after the Coastal Commission acts; and the Coastal Commission confirms the County's action. Accordingly, this Ordinance will not go into effect until after the Coastal Commission certifies the amendment and confirms the Board's action.

3. Nothing in this Section prohibits the County from taking enforcement action, which may lead to shutting down a Vacation Rental operation during the phasing out period if the Vacation Rental creates an immediate or imminent threat to life, public health, or safety.

H. Exemption: The regulations set forth in this Section do not apply to unique neighborhoods with existing developments that were established with the intent of managed Vacation Rentals. ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
AMENDING TITLE 21 (NON-COASTAL ZONING) OF THE MONTEREY COUNTY
CODE RELATING TO VACATION RENTALS**

County Counsel Summary

This Ordinance amends numerous definition and zoning district use sections of Title 21, repeals and replaces Section 21.64.280, and adds Section 21.64.290 to the Monterey County Code to regulate the short-term vacation rental of residential property. This Ordinance aims to strike a balance, allowing residents of unincorporated Monterey County to benefit from the tourism economy while also ensuring that residential neighborhoods are protected from the potential negative social and behavioral impacts of short-term vacation rentals. This Ordinance details which zoning districts short-term vacation rentals are allowed. This Ordinance requires a use permit for commercial vacation rentals that have similar land use impacts to a visitor/serving use, such as hotels, motels, inns, and lodges. This Ordinance further requires that vacation rentals meet certain operational requirements and safety and health standards that reflect their potential impacts. Lastly, this Ordinance contains the process for phasing out unpermitted commercial short-term vacation rentals.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1. Findings and Declarations.

A. Pursuant to Article XI, Section 7 of the California Constitution, the County of Monterey (“County”) may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its residents.

B. This Ordinance is intended to provide regulations, standards, and circumstances under which short-term vacation rentals may be allowed in certain residential unincorporated areas of Monterey County.

C. The intent of this Ordinance is to distinguish between two types of short-term vacation rentals, commercial vacation rentals and limited vacation rentals, such that commercial vacation rentals require a discretionary land use entitlement while limited vacation rentals are defined in a manner to be similar in character, density, and intensity to residential use, are not anticipated to remove long-term housing from the market, and therefore are allowed uses, where applicable, with a vacation rental operation license, business license, and transient occupancy tax certificate.

Attachment H

D. Regulation of commercial vacation rentals is necessary because they have the potential to impact the character and intensity of an otherwise residential use. Impacts include, removing long-term housing from the market, or posing hazards to public health, safety and general welfare in areas known to have infrastructure limitations. Commercial vacation rental uses, therefore, may be allowed, where applicable, only with a discretionary use permit, vacation rental operation license, business license, and transient occupancy tax certificate. This Ordinance recognizes that unique neighborhoods with existing developments were established with the intent of managed short-term rentals, such as Monterey Dunes Colony and these developments are exempt from the regulations set forth in this Ordinance, including the need to apply for a vacation rental operation license. Such developments are not exempt from compliance with Chapter 5.40, requiring payment of transient occupancy tax, and Chapter 7.02, requiring a business license.

E. This Ordinance establishes the requirement for a use permit for commercial vacation rental activities to enable evaluation of the impacts of such activities, in recognition that commercial vacation rentals may have similar land use impacts as other recreational/visitor-serving uses such as hotels, motels, and bed and breakfast facilities and deserve similar evaluation as such visitor-serving uses.

F. Because the nature and extent of short-term vacation rentals have been transformed in the last several years due to the advent of online platforms for short-term vacation rentals, it is necessary to update the County's short-term vacation rental regulations, which were last adopted in 1997. Accordingly, this Ordinance intends to replace Section 21.64.280 regulations for transient use of residential property for remuneration, with Section 21.64.290 for applications for vacation rentals.

G. To allow for a reasonable amortization of investment for existing short-term vacation rentals operations, this Ordinance provides an initial defined time period during which an unpermitted vacation rental may continue to operate, provided the vacation rental activity was established prior to the effective date of the Ordinance and the operator is pursuing all necessary County permits, licenses, and entitlements pursuant to Section 21.64.290 of the Monterey County Code.

H. The County has reviewed the Final Environmental Impact Report ("EIR") for the project, which consists of the Draft EIR and the responses to comments on the Draft EIR. The County has exercised independent judgment in accordance with Public Resources Code section 21082.1(c)(3) in retaining its own environmental consultant in the preparation of the EIR, as well as reviewing, analyzing, and revising material prepared by the consultant. Having received, reviewed, and considered the information in the Final EIR, as well as all other information in the record, the County hereby makes findings pursuant to and in accordance with Public Resources Code sections 21081, 21081.5, and 21081.6. In accordance with California Environmental Quality Act ("CEQA") and the CEQA Guidelines, the County agrees that no findings of fact is required because no impacts were identified with the implementation of the proposed regulations. The Final EIR for the Vacation Rental Ordinances project (SCH # 2022080643) has

Attachment H

been completed and certified in compliance with CEQA prior to the adoption of this Ordinance and reflects the independent judgment and analysis of the County of Monterey.

9. If the Commercial Vacation Rental is served by an OWTS, the Operator shall submit evidence that the system is in good working order and functioning properly by providing a performance evaluation report completed by a qualified OWTS professional in the form and manner required by the County. Any OWTS component noted to be in unacceptable condition shall be repaired or replaced prior to County approval of a Use Permit.

10. Required Findings. To grant a Use Permit for a Commercial Vacation Rental, the Appropriate Authority must find, based on substantial evidence, that the Commercial Vacation Rental complies with all findings required for a Use Permit pursuant to Chapter 21.74 and complies with all requirements of this Section.

11. Time Limits. All Use Permits issued for Commercial Vacation Rentals shall be subject to the following time limits on the use authorized by the Use Permit:

a. The initial Use Permit shall be issued for a term of no more than seven years.

b. The Operator may apply to extend the Use Permit prior to the expiration date of the Use Permit pursuant to Section 21.74.110. The extension

Attachment H

application shall be made at least 30 days prior to the expiration of the Use Permit. The Use Permit shall be extended by the Appropriate Authority by seven years upon each renewal, unless the Appropriate Authority finds that the operation is subject to revocation or modification according to the criteria set forth in Section 21.74.060.

c. The Operator shall maintain a valid Vacation Rental Operation License pursuant to Chapter 7.120 and a valid business license pursuant to Chapter 7.02 of this Code throughout the permitted term of the Commercial Vacation Rental use.

d. The purpose of the seven-year term limit is to provide adequate ongoing review of the Commercial Vacation Rental to ensure that the use continues to meet the standards of this Section.

F. Phasing Out Unpermitted Operations:

1. To provide time for the Operator of a Vacation Rental that was unpermitted prior to the Effective Date to bring the Vacation Rental into compliance with this Section, an Operator who can demonstrate that Vacation Rental use was established and operating on the subject property prior to the Effective Date may continue the operation for a limited period of time following the Effective Date.

2. The Operator has six months from the Effective Date to make an application for all permits, licenses, certificates, or other entitlements required by this Code. The Operator will be allowed to continue to operate as a Vacation Rental for up to six months from the Effective Date, or until County takes action on the Operator's application for all required permits, licenses, and entitlements made pursuant to this Code, whichever is later, unless County requires earlier termination of the Vacation Rental use due to a risk to public health, safety and welfare.

3. Nothing in this Section prohibits the County from taking enforcement action, which may lead to shutting down a Vacation Rental operation, during the phasing out period if the Vacation Rental creates an immediate or imminent threat to life, public health, or safety.

G. Phasing Out Previously Permitted Operations:

1. All Administrative Permits issued pursuant to Section 21.64.280 for the transient use of residential property prior to the Effective Date of this Chapter shall be required to comply with this Section upon expiration of their existing permit. If the prior use is no longer allowed pursuant to this Section, the Operator must cease operations at the time of the expiration of their permit.

Attachment H

2. All Administrative Permits issued pursuant to Section 21.64.280 for the transient use of residential property prior to the Effective Date of this Section without expiration dates shall be required to comply with this Section within seven years of the Effective Date.

3. Nothing in this Section prohibits the County from taking enforcement action, which may lead to shutting down a Vacation Rental operation, during the phasing out period if the Vacation Rental creates an immediate or imminent threat to life, public health, or safety.

H. Exemptions: The regulations set forth in this Section do not apply to unique neighborhoods with existing developments that were established with the intent of managed Vacation Rentals. The existing permitted unique neighborhoods with managed Vacation Rentals must operate according to the regulations and conditions approved through its original land use entitlement.

SECTION 35. SEVERABILITY. If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this Ordinance. The Board of Supervisors hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections sentences, clauses, or phrases are declared invalid.

SECTION 36. EFFECTIVE DATE. This Ordinance shall become effective on the thirty-first day following its adoption.

STATEMENT OF FINDINGS

1. INTRODUCTION

1.1 Project Background and Need

This statement of Findings of Fact (Findings) addresses the environmental effects associated with the County of Monterey (County) Vacation Rental Ordinances Project (project, or proposed regulations). These Findings are made pursuant to the California Environmental Quality Act (CEQA) under Sections 21081, 21081.5, and 21081.6 of the Public Resources Code, and Sections 15091 and 15093 of the CEQA Guidelines, Title 14, California Code of Regulations 15000 et seq. (CEQA Guidelines).

Monterey County has allowed bed and breakfast facilities in certain residential areas of the County in both inland and coastal areas since the 1980's. In the late 1990's, the County determined the need to define and regulate a broader category of vacation rental uses of residential properties (also known as vacation rentals) separate from bed and breakfast facilities. In 1997, the County of Monterey adopted regulations known as "regulations for the transient use of residential property for remuneration." These regulations became effective in the inland unincorporated areas of the County 30 days after adoption (Title 21). Due to a number of factors, the regulations were never certified in the coastal unincorporated areas (Title 20). Approximately 34 permits were approved over the course of 28 years yet the proliferation of vacation rentals (permitted or not) increased significantly with the popularization of online vacation rental platforms such as Airbnb or VRBO. For several years, Monterey County has experienced a growing demand for and use of individual homes for vacation rentals and an increasing number of complaints from concerned residents and other interested parties regarding the current vacation rental ordinances. The complaints received are varied, including but not limited to noise and parking concerns, unsafe or illegal activities, and inquiries as to whether a particular residence has obtained the proper permits and tax registrations for vacation rental operation. In response to this growing demand for vacation rentals, the County began drafting a vacation rental ordinance in 2014. The proposed regulations have been developed to ensure that vacation rentals remain compatible with existing residential uses. In cases where the vacation rental would have the potential to be out of character with a residential use, such as a visitor-serving commercial use, the regulations include provisions for discretionary review before establishment of the use.

In accordance with the requirements of the California Environmental Quality Act (CEQA) (Public Resources Code [PRC] Section 21000 et seq.) and the State CEQA Guidelines, the County of Monterey Housing and Community Development Department (lead agency), decided to prepare an environmental impact report (EIR) to determine if the proposed changes to the regulations would result in a physical change in the environment that resulted in a significant environmental impact.

As discussed in the EIR, the analysis of the project involves unusual circumstances. Specifically, the project adds regulatory requirements that limit the extent to which an existing use is allowed, and through these requirements and policy requirements, avoid or minimize impacts that may

occur. There would be no direct physical changes from construction; the project would place a cap on commercial vacation rentals of existing homes where such a cap does not currently exist; and the project provides regulations to address noise, overnight and daytime occupancy, and other social and economic issues raised by the public (see Section 3.2.2 below). As discussed in Section 4.1.1, “Special Considerations,” of the Draft EIR, pages 4-1 and 4-2, the analysis in the EIR was conducted with respect to unique considerations and reasonable assumptions. The Draft EIR relies on reasonable assumptions based on facts to evaluate the potential impacts resulting from project implementation. The Draft EIR also explains the basis for its conclusions and describes uncertainty surrounding impacts where such uncertainty exists.

During the preparation of the Draft EIR, research was conducted to review available data, analogs, articles, etc., in an effort to understand the perspective use of vacation rentals and to determine if there was a basis, beyond the assumption approach expressed above, for determining environmental effects. However, in some instances where there was a general lack of data concerning how vacation rentals may result in environmental impacts that differ from standard residential use and no additional data other than anecdotal experience was provided by the comments received on the Draft EIR. As stated in Section 4, “Environmental Impacts and Mitigation Measures” of the Draft EIR, because of the general lack of documented information surrounding vacation rental uses including differences between habits and patterns of use between vacation renters and typical residents, in some instances the EIR preparers were left with the need to speculate whether significant environmental changes may occur. Section 15145 of the State CEQA Guidelines instructs, “If, after thorough investigation, the Lead Agency finds that a particular impact is too speculative for evaluation, the agency should note its conclusion and terminate discussion of the impact.” In instances where an impact is too speculative to evaluate, this EIR explains its rationale for this conclusion and does not draw a conclusion on the significance of an impact.

The purpose of this EIR is to meet CEQA’s informational requirements to aid Monterey County in making an informed decision regarding the environmental impacts of the project. To that end, this EIR relies on substantial evidence, reasonable assumptions, explains the basis for its conclusions, and describes uncertainty surrounding impacts where such uncertainty exists. Supported by the analysis in the Draft EIR, the County found that implementation of the proposed regulations would not result in potentially significant impacts.

Because there were no significant impacts resulting from the proposed regulations, no impacts would be avoided with alternatives to the proposed regulations. Nevertheless, the County analyzed a range of alternatives including variations of regulations that addressed community concerns. This EIR examined six alternatives to the proposed regulations. The alternatives are summarized below and are described in detail in Chapter 6, “Alternatives” of the EIR.

Further, in consideration of several comments received on the Draft EIR regarding the number of allowable vacation rentals in the ordinances, and issues surrounding making housing more affordable by renting through hosted facilities, the County modified the proposed regulations to reduce the number of allowed commercial vacation rentals and to allow hosted rentals to limited and commercial vacation rentals in the ordinances. The County revised the proposed regulations in the Final EIR. The County reduced the 6 percent cap to 4 percent for commercial vacation rentals. The proposed regulations were revised to reflect these changes and further added a

Attachment H

category to a limited vacation rental, allowing hosted vacation rentals to be rented on a unlimited basis but capping the number of people per room. This cap was added to all limited vacation rentals (hosted and non hosted).

In addition, the County received several comments in support of Alternative 6, which limits commercial vacation rentals within the Carmel Valley Master Plan Area. Therefore, the County revised the proposed regulations to prohibit commercial vacation rentals within rural density, low density, medium density, and high density residential zoning districts within the Carmel Valley Master Plan Area. This change, as well as the change in the cap and definition of limited vacation rentals, would not alter any of the environmental impacts of the project. Therefore, no revisions to the analysis in the EIR was required. The Final EIR for the project did not identify any significant impacts. No mitigation measures are required.

The County notes that, while not specifically addressing a significant environmental impact, the shift in the ordinances will allow hosted vacation rentals, which would provide supplemental income that may make housing more affordable to some people who are otherwise priced out of the housing market.

Findings are required when an EIR is prepared and when significant effects are found. The following summarizes the findings as required in compliance with CEQA. Public Resources Code Section 21081 and Section 15091 of the CEQA Guidelines require that the lead agency prepare written findings for identified significant impacts, accompanied by a brief explanation for the rationale for each finding. The County is the lead agency responsible for preparation of the EIR in compliance with CEQA and the CEQA Guidelines. Section 15091 of the CEQA Guidelines states, in part, that:

- a) No public agency shall approve or carry out a project for which an EIR has been certified which identifies one or more significant environmental effects of the project unless the public agency makes one or more written findings for each of those significant effects, accompanied by a brief explanation of the rationale for each finding. The possible findings are:
 - 1) Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect as identified in the final EIR.
 - 2) Such changes or alterations are within the responsibility and jurisdiction of another public agency and not the agency making the finding. Such changes have been adopted by such other agency or can and should be adopted by such other agency.
 - 3) Specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make infeasible the mitigation measures or project alternatives identified in the final EIR.

In accordance with Public Resource Code Section 21081 and Section 15093 of the CEQA Guidelines, whenever significant impacts cannot be mitigated to below a level of significance, the decision-making agency is required to balance, as applicable, the benefits of the proposed project against its unavoidable environmental risks when determining whether to approve the

project. If the benefits of a proposed project outweigh the unavoidable adverse environmental effects, the adverse effects may be considered "acceptable." In that case, the decision-making agency may prepare and adopt a Statement of Overriding Considerations, pursuant to the CEQA Guidelines. The Draft EIR did not identify significant and unavoidable impacts. All impacts identified in the Draft EIR would either be less than significant, have no impact, or no significance conclusion. Therefore, no findings or Statement of Overriding Considerations is required for the project.

The Final EIR for the project did not identify significant and unavoidable impacts. All impacts identified in the Draft EIR would either be less than significant, have no impact, or no significance conclusion. No mitigation measures are required. Therefore, no findings are required to address the environmental impacts of the project.

2. DESCRIPTION OF THE PROJECT AS REVISED IN FINAL EIR

2.1 Project Overview and Goals/Objectives

The County of Monterey Housing and Community Development Department has drafted proposed regulations for vacation rentals within the unincorporated areas of the County. The proposed regulations would be applicable to coastal and non-coastal (inland) areas of the unincorporated areas of the County. A vacation rental means the use, by any person, of residential property for transient lodging where the term of occupancy, possession, or tenancy of the property by the person entitled to such occupancy, possession, or tenancy is, for a period of thirty (30) consecutive calendar days or fewer, counting portions of calendar days as full days. Vacation rentals include commercial vacation rentals and limited vacation rentals. Vacation rental does not include a bed and breakfast facility, hotel, motel, hostel, inn, roominghouse, boardinghouse, rooming, or boarding. Commercial vacation rentals require a discretionary permit and will be analyzed on a case-by-case basis, whereas limited vacation rentals will not require a discretionary permit.

The proposed regulations have been developed to ensure that vacation rentals remain compatible with existing residential uses. In cases where the vacation rental would have the potential to be out of character with a residential use, such as a visitor-serving commercial use, the regulations include provisions for discretionary review before establishment of the use. The objectives of the proposed regulations are to:

- Preserve the residential character of zoning districts established in Titles 20 and 21;
- Preserve the sense of security and safety in neighborhoods;
- Balance economic opportunity with the preservation of housing supply and quality of life;
- Ensure that vacation rentals are operated in a manner that complies with all rules and regulations to protect the health, safety, and welfare of residents Monterey County;
- Establish regulations that provide opportunities for homeowners and residents to offer vacation rentals for visitors that have the potential to provide financial benefits to offset the high cost of living in Monterey County;

Attachment H

- Establish that limited vacation rental uses are similar in character, density, and intensity to residential use, are not anticipated to convert long-term housing out of the market, and are an allowed use with a vacation rental operation license and a business license; and,
- Establish regulations to address commercial vacation rental uses that have the potential to impact the character, density, and intensity of residential uses, convert long-term housing out of the market, or pose hazards to public health, safety, and general welfare.

2.1.1 Project Location

The proposed regulations for vacation rentals would be applicable to coastal and noncoastal areas of unincorporated Monterey County. The regulations would not apply within city limits.

2.1.2 Project Description

The project consists of three draft ordinances amending the Monterey County Code (MCC) for the purpose of establishing regulations, standards, and circumstances under which vacation rentals may be allowed. These regulations also provide an amortization of investment for existing vacation rental operations to enable those operations to continue for a limited time, provided that the vacation rental activity was established before the effective date of the respective ordinances and that the operator is pursuing all necessary County permits, licenses, and entitlements. The regulations limit establishment of vacation rentals to existing, legally established single-family dwellings, with a cap of 4 percent of the total single-family residential dwelling units in each land use planning area except the Big Sur Coast Land Use Plan Area, low density residential zoning districts in the Carmel Land Use Plan Area, and the residential zoning districts in the Carmel Valley Master Plan Area for commercial vacation rentals, as detailed below.

No specific development or construction would be entitled under any of the draft ordinances. Two types of vacation rentals would be affected by the proposed regulations:

- Limited vacation rental: A limited vacation rental is a residential property rented as a non-hosted vacation rental and rented for not more than three times per 12-month period, or a hosted vacation rental and rented for an unlimited number of times per 12-month period.
- Commercial vacation rental: A commercial vacation rental is a residential property rented as a non-hosted vacation rental and rented for more than three times per 12-month period or hosted vacation rental and rented for an unlimited number of times per 12-month period.

The three draft ordinances are summarized in the following sections:

Monterey County Coastal Zoning – Title 20 Amendment

The proposed amendment to the Monterey County Zoning Ordinance for coastal areas of unincorporated Monterey County (Title 20 of the Monterey County Code) provides definitions for terms not already defined, clarifies in which zoning districts vacation rentals would be allowed and what type of permit(s) would be required, and provides specific regulations for

vacation rentals. Title 20 is part of the County’s Coastal Implementation Plan and will require certification by the California Coastal Commission.

Monterey County Inland Zoning – Title 21 Amendment

The proposed amendment to the Monterey County Zoning Ordinance for inland areas of unincorporated Monterey County (Title 21 of the Monterey County Code) provide definitions for terms not already defined, clarify in which zoning districts vacation rentals would be allowed and what type of permit(s) would be required, and provide specific regulations for vacation rentals.

Business Taxes, Licenses, and Regulations – Title 7 Amendment

There are two proposed amendments to MCC Title 7. The first is a proposed amendment to MCC Chapter 7.02, which would require an annual business license for hotels and vacation rentals in the coastal and inland areas of unincorporated Monterey County. The second is to add a new chapter (Chapter 7.120) to set requirements for annual operation permits for vacation rentals and is applicable in the coastal and inland areas of unincorporated Monterey County. The draft amendment, which is provided as Appendix B of this EIR, is summarized as follows:

Business License - The amendment to MCC Chapter 7.02 requires the operator of any of the two types of vacation rentals (limited vacation rentals and commercial vacation rentals) to procure a business license before commencement, operation, or maintenance of any vacation rental. In addition, operators of hotel would be subject to the business license requirement.

Operation License - The proposed ordinance includes adding Chapter 7.120, “Vacation Rental Operation License,” to the MCC. In addition to the land use and zoning requirements and site development standards, this Chapter would provide operational requirements for the two types of vacation rentals. The following subsections are contained in Chapter 7.120: definitions, purpose, applicability, regulations for vacation rentals, application and renewal process, fees, grounds for suspension or revocation, enforcement, process for hearing by a hearing officer, and service requirements.

3. ENVIRONMENTAL REVIEW PROCESS

3.1 Notice of Preparation and Commencement of Scoping Period for EIR

In accordance with CEQA (PRC Section 21092) and the State CEQA Guidelines (14 CCR Section 15082), the County issued a notice of preparation (NOP) on August 29, 2022. The County circulated the NOP to responsible and trustee agencies, organizations, and interested individuals to solicit comments on the Project. The County followed required procedures related to distribution of the appropriate notices and environmental documents to the State Clearinghouse. The NOP was received by the State Clearinghouse (State Clearinghouse No. 2022080643) and distributed for a 30-day public review period on August 29, 2022. A revised NOP was released on September 6, 2022, to correct errors in the original NOP, and the public review period was extended to provide a full 30 days for the public to review the revised NOP.

Two public scoping meetings were conducted by the County: one on September 6, 2022, at 5:00 p.m. and one on September 19, 2022, at 1:00 p.m. The first scoping meeting was held both in person, at the Monterey County Government Center Administration Building, located at 168 West Alisal Street, 2nd Floor (Monterey Room), in Salinas, as well as virtually via Zoom; and the second scoping meeting was held virtually via Zoom.

3.2 Notice of Completion and Commencement of Public Review of DEIR

On December 11, 2023, the Draft EIR was released for a 49-day public review and comment period, which ended on January 29, 2024. The Notice of Completion, Notice of Availability, and Draft EIR were submitted to the State Clearinghouse for distribution to reviewing agencies and posted on the County website.

As a result of these notification efforts, comments were received from agencies, organizations, and individuals on the content of the Draft EIR. Chapter 3, “Responses to Comments,” of the Final EIR identifies these commenting parties, identifies their respective comments, and presents responses to these comments. None of the comments received, or the responses provided, constitute “significant new information” as defined by State CEQA Guidelines CCR Section 15088.5.

4. DESCRIPTION OF THE RECORD

For purposes of CEQA and these Findings, the record is composed of all non-privileged documents relating to the project files on this matter, including, without limitation:

- The NOP prepared for the project and all other public notices issued in conjunction with the project;
- The Draft EIR for the project, with all appendices to the Draft EIR;
- All comments or documents submitted by public agencies or by members of the public during or after the comment period on the NOP and the Draft EIR;
- The Final EIR for the project, including comments received on the Draft EIR, responses to those comments, and appendices to the Final EIR;
- Documents cited or referenced in the Draft EIR and Final EIR
- All studies conducted for the project and contained in, or referenced by, staff reports, the Draft EIR, and the Final EIR;

- Any minutes and/or verbatim transcripts of all information sessions, public meetings, and public hearings held in connection with the project;

- Any documentary or other evidence submitted at such information sessions, public meetings, and public hearings;
- Any and all resolutions adopted by the County regarding the project, and all staff reports, analyses, and summaries related to the adoption of those resolutions;

- All other materials, not otherwise included above, required for the record of proceedings by PRC Section 21167.6(e)

5. SIGNIFICANT ENVIRONMENTAL IMPACTS OF THE PROJECT

As discussed above the Draft EIR and the Final EIR did not identify significant and unavoidable impacts. All impacts identified in the Draft EIR and Final EIR would either be less than significant, have no impact, or no significance conclusion.

6. GENERAL FINDINGS

6.1 Certification of the EIR

In accordance with CEQA, the County has considered the effects of the project on the environment, as shown in the Draft EIR, Final EIR, and the whole of the administrative record, prior to taking any action to approve the project. The Final EIR was released to agencies that submitted comments on the Draft EIR for the required 10-day distribution period beginning May 21, 2024. The Final EIR was also made available to other commenters and the general public by posting the document on the County’s website on the same day. The FEIR was submitted to the County Planning Commission and Board of Supervisors during the 10-day distribution period. The Board of Supervisors will certify the EIR at a public hearing. By these Findings, the Board of Supervisors ratifies and adopts the conclusions of the FEIR as set forth in these Findings. The FEIR and these Findings represent the independent judgment and analysis of the Board of Supervisors.

6.2 Changes to the DEIR; Recirculation Not Required

Public Resources Code section 21092.1 and CEQA Guidelines Section 15088.5 provide the criteria that a lead agency is to consider when deciding whether it is required to recirculate an EIR. Recirculation is required when “significant new information” is added to the EIR after public notice of the availability of the Draft EIR is given, but before certification. (CEQA Guidelines, Section 15088.5(a)). As discussed above, in the course of responding to comments

received during the public review and comment period on the DEIR, certain portions of the DEIR have been modified and new information has been added. These modifications do not add any new significant impacts nor do they substantially increase any of the projects impact. None of this information, therefore, constitutes “significant new information” under CEQA.

6.3 Evidentiary Basis for Findings

These Findings are based upon substantial evidence, both oral and written, contained in the administrative record relating to the project. The references to the Draft EIR and Final EIR set forth in the Findings are for ease of reference and are not intended to provide an exhaustive list of the evidence relied upon for these Findings.

6.4 Findings Regarding Mitigation

The Draft EIR did not identify significant and unavoidable impacts. All impacts identified in the Draft EIR would either be less than significant, have no impact, or no significance conclusion. Therefore, Section 15091(a) has not been met, and the adopting of a Mitigation Monitoring and Reporting Program is not required for the project.

6.5 Location and Custodian of Records

Pursuant to CEQA Guidelines section 15091, the County is the custodian of the documents and other materials that constitute the record of proceedings upon which the decision is based, and such documents and other materials are located at the Monterey County Government Center Administration Building, located at 168 West Alisal Street, 2nd Floor, Salinas, CA 93901. Contact hcdcomments@co.monterey.ca.us. 7. ALTERNATIVES

Section 15126.6(a) of the CEQA Guidelines requires the discussion of “a reasonable range of alternatives to a project, or the location of a project, which would feasibly attain most of the basic objectives of the project but would avoid or substantially lessen any of the significant effects of the project and evaluate the comparative merits of the alternatives.” Although no impacts were identified with the proposed regulations, these alternatives were evaluated in the EIR.

- Alternative 1: No Project Alternative
- Alternative 2: Homestays Alternative
- Alternative 3: Reduce Growth Alternative
- Alternative 4: No Additional Growth Alternative
- Alternative 5: Permitting and Policy Options
- Alternative 6: Prohibition of Commercial Vacation Rentals in Residential Zones within the Carmel Valley Master Plan Area

8. FINDINGS OF FACT

The County has reviewed the Final EIR for the project, which consists of the Draft EIR and the Responses to Comments on the Draft EIR. The County has considered the public record on the project, which is composed of the above documents and this Statement of Findings. The County has exercised independent judgment in accordance with Public Resources Code Section 21082.1(c)(3) in retaining its own environmental consultant in the preparation of the EIR, as well as reviewing, analyzing, and revising material prepared by the consultant. Having received, reviewed, and considered the information in the Final EIR, as well as all other information in the record, the County hereby makes findings pursuant to and in accordance with Public Resources Code Section 21081, 21081.5, and 21081.6. In accordance with CEQA and the CEQA Guidelines, the County agrees that no Findings of Fact is required because no impacts were identified with the implementation of the proposed regulations.
