				cities and fire districts. This bill would require a city to be treated as if it had retained its authorities regarding, and the administration of, prehospital EMS if specified requirements are met. If a joint powers agreement regarding prehospital EMS was initially executed on or after January 1, 2024, 2025, the bill would ensure a city or fire district retains its existing authorities regarding, and the administration of, prehospital EMS. The bill would set various conditions for a joint powers agreement, including, among other things, requiring uniform operational procedures for prehospital EMS throughout the EMS area or subarea covered by the agreement.

<a href="#">AB 2022</a>	<a href="#">Addis D</a>	Mobilehome parks: emergency preparedness.	8/29/2024-A. ENROLLMENT	The Mobilehome Parks Act generally regulates various classifications of mobilehome and related vehicle parks and imposes enforcement duties on the Department of Housing and Community Development (department) and local enforcement agencies. Current law requires every park with 50 or more units to have a person who is responsible for, and will respond in a timely manner to, emergencies concerning the operation and maintenance of the park that resides in the park and has knowledge of emergency procedures relative to utility systems and common facilities under the ownership and control of the owner of the park, and familiarity with the emergency preparedness plans for the park. This bill would, starting January 1, 2027, require that person who is responsible for emergencies concerning the operation and maintenance of the park to have knowledge of emergency procedures relative to access to park entrances and exits. <a href="#">AB 2902</a>	<a href="#">Wood D</a>	Solid waste: reduction and recycling.	8/28/2024- A. ENROLLMENT	Current law requires the State Air Resources Board to complete, approve, and implement a comprehensive strategy to reduce emissions of short-lived climate pollutants in the state to reduce statewide methane emissions by 40% below 2013 levels by 2030. Current law requires methane emissions reduction goals to include specified targets to reduce the landfill disposal of organics. Current law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations that achieve those targets for reducing organic waste in landfills, as provided. The department's organic waste regulations provide different organic waste procurement targets for local jurisdictions based on population and provide waivers and exemptions from collection and procurement requirements for rural, low-population, and high-elevation jurisdictions. Current law provides that the exemption for rural jurisdictions is valid until December 31, 2026, as specified. The department's organic waste regulations establish collection bin lid color requirements for waste collection services to identify the types of waste to be placed into a collection bin. This bill would extend the rural jurisdiction exemption until January 1, 2037, except as provided, and would require the department to adopt regulations to establish a process to renew the exemption after that date for periods of up to 5 years. <a href="#">SB 227</a>	<a href="#">Durazo D</a>	Unemployment: Excluded Workers Program.	8/29/2024- S. ENROLLMENT	Current law authorizes the payment of unemployment compensation benefits and requires that they be made in accordance with regulations of the Director of Employment Development. Current law generally requires the Employment Development Department (department) to promptly pay benefits if claimants are eligible or to promptly deny benefits if they are ineligible. Current law prohibits payment of unemployment compensation benefits for services performed by a person who is not a citizen or national of the United States, unless that person is an individual who was lawfully admitted for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services, or was permanently residing in the United States under color of law at the time the services were performed, as specified.	Support	3/23/23 letter to author, SEN Gov. & Finance, SEN Labor Public Employment & Retirement, and SEN Appropriations. 6/9/23 letter to ASM Insurance. 7/21/23 letter to ASM Appropriations. 7/22/24 letter to ASM Appropriations. 8/30/34 letter sent to Governor requesting signature.

Measure	Author	Topic	Location	Brief Summary	Position	Notes
				This bill would require, on or before March 31, 2025, the department to develop a detailed plan to establish a permanent Excluded Workers Program to provide cash assistance that resembles unemployment insurance benefits to unemployed workers who are ineligible for unemployment insurance due to their immigration status, as specified, and submit the plan to the appropriate fiscal and policy committees of each house of the Legislature, the Department of Finance, and the Legislative Analyst's Office.		
<a href="#">SB 1390</a>	<a href="#">Caballero D</a>	Groundwater recharge: floodflows: diversion.	8/20/2024- A. THIRD READING	Current law declares that all water within the state is the property of the people of the state, but the right to the use of the water may be acquired by appropriation in the manner provided by law. Current law requires the appropriation to be for some useful or beneficial purpose. Current law provides, however, that the diversion of floodflows for groundwater recharge does not require an appropriative water right if certain conditions are met, including that a local or regional agency that has adopted a local plan of flood control or has considered flood risks as part of its most recently adopted general plan has given notice, as provided, of imminent risk of flooding and inundation of lands, roads, or structures. Current law defines "floodflow" for these purposes, to include circumstances in which flows would inundate ordinarily dry areas in the bed of a terminal lake to a depth that floods dairies and other ongoing agricultural activities, or areas with substantial residential, commercial, or industrial development. Current law defines "imminent" for these purposes to mean a high degree of confidence that a condition will begin in the immediate future. Current law also requires the person or entity making the diversion for groundwater recharge purposes to file with the State Water Resources Control Board and any applicable groundwater sustainability agency for the basin, a notice containing specified information no later than 48 hours after initially commencing diversion of floodflows for groundwater recharge, a preliminary report no later than 14 days after initially commencing that diversion, and a final report no later than 15 days after the diversions cease. These requirements apply to diversions commenced before January 1, 2029. This bill would,	Support	Letter sent 3/12/24. 7/22/24 letter to ASM Appropriations.

				among other things, expand the conditions that are required to be met for the diversion of floodwaters for groundwater recharge that do not require an appropriate water right. The bill would expand the definition of “floodflow” to include flows that are projected by the local or regional agency to inundate ordinarily dry areas in the bed of a terminal lake, as described above. The bill would revise the definition of “imminent” to mean a high degree of confidence that a condition will begin or is projected to begin within the next 72 hours.		
<a href="#">SB 1400</a>	<a href="#">Stern D</a>	Criminal procedure: competence to stand trial.	8/31/2024-S. ENROLLMENT	Current law prohibits a person from being tried or adjudged to punishment while that person is mentally incompetent. Current law establishes a process by which a defendant’s mental competency is evaluated and if the defendant is found incompetent to stand trial, the proceedings are suspended while the defendant receives treatment, with the goal of restoring the defendant to competency. Current law, in the case of a misdemeanor charge in which the defendant is found incompetent, requires the court to either dismiss the case or hold a hearing to determine if the defendant is eligible for diversion. Under current law, if the defendant is not eligible for diversion, the court may hold another hearing to decide if the defendant should be referred for outpatient treatment, conservatorship, or the CARE program, or if the defendant’s treatment plan should be modified. Current law requires that the charges be dismissed if a defendant is accepted into outpatient treatment or the CARE program. Current law also requires the court, if the defendant is already on a grant of diversion for a misdemeanor case, to dismiss the current case and return the defendant to supervision. This bill would remove the option for the court to dismiss the case and would instead require the court to hold a hearing to determine if the defendant is eligible for diversion. If the defendant is not eligible for diversion, the bill would require the court to hold a hearing to determine whether the defendant will be referred to outpatient treatment, conservatorship, or the CARE program, or if the defendant’s treatment plan will be modified.
