**Subject:** Re-appointment to CHFPD Board of Directors

Dear Honorable Daniels,

My apology for this late email. I was in France in May and neglected to write my wish to remain on the Carmel Highlands Fire Protection Board as a Director for another term. I did send an email several times while in France but each time it was sent back undelivered. I found internet communications between France and CA to be very unreliable.

I just flew home late yesterday and I sincerely hope this email will suffice. I have remained an active Board member and love helping my community navigate the many complex issues concerning fire safety. For the last several years I have been on the Fuel Reduction committee. It is my passion to work with CAL FIRE and other county participants to reduce fuels in the Highlands, and the past several years has been proof of what can be accomplished. It continues to be a Board/CAL FIRE priority.

Living in the Highlands is a privilege and I hope to continue my part in keeping it the jewel we are blessed to say is our "home".

Sincerely,

Lynne Semeria
