B. Employer Pull Notice Program

The Employer Pull Notice (EPN) program was established to provide employers with a means of promoting driver safety through ongoing review of driver records.

The State of California requires that employers enroll any driver employed for the operation of any vehicle, if the driver is required to have any of the following:

- Class A License;
- Class B License;

- Class C License with Hazardous Materials Endorsement;
- Class C with Special Certificates, issued pursuant to CVC Section 12512, 12517, 12519, 12520, and 12523.5; or
- Any driver of a passenger vehicle having a seating capacity of not more than 10 persons, including the driver, operated for compensation by a charter-party carrier of passengers.

The County of Monterey requires employees who drive County vehicles or use their personal vehicles while performing business for the County to be enrolled in the EPN program. Enrollment requires the employee to complete and sign the Authorization for Release of Driver Record Information form (Attachment B).

The EPN program automatically generates a driver record when any of the following actions or activities occurs:

- Upon enrollment of driver in the program;
- Annually;
- When a driver has any of the following added to his/her driver record:
 - Convictions;
 - Failure to appear;
 - Accidents;
 - Driver license suspensions or revocations; or
 - Any other action taken against the driving privilege.

Each department must assign an employee to be an EPN Agent, and another to be a back-up EPN Agent.

All EPN program notices will be sent to the Department EPN agent. The EPN Agent must review notices within a timely manner of receipt and contact Risk Management and the Human Resources Representative for their respective department concerning any of the following:

- Failure to Appear;
- Revocation of license;
- Suspension of license; and
- Restriction of license or any other action taken against the driving privilege.

Any driver designated as a “Negligent Operator” by the California DMV shall not operate any County vehicle or use a personal vehicle while acting on behalf of the County. A “Negligent Operator” is defined by the DMV as a person whose driving record shows a violation point count of four or more points in 12 months, six or more points in 24 months, or eight or more points in 36 months.

C. Assignment of Vehicles

1. Duty Hour Retention

The minimum transportation needs for this category of vehicle assignment shall include the following conditions:

- i. The department director or his/her designee has determined the assignee's duties cannot be satisfactorily performed without continuous availability of a suitable vehicle during duty hours.
- ii. The tasks performed during duty hours require a specially equipped vehicle.
- iii. The need cannot be met by use of a department pool vehicle.

- iv. The monthly mileage claim costs of a privately owned vehicle would regularly exceed costs of assigning a County vehicle.
- v. Not a responsibility but is a rule or other information included as a guideline in this policy.

When an employee is assigned a vehicle for standby overnight or a weekend, an assigned County vehicle is not to be used for personal use except in rare emergency situations when no other vehicles are available (such as for an urgent medical need).

Approval for permanent retention is contingent on the employee being (and remaining) on a continuous on-call status during other than normal working hours (i.e., 24-hours on call) and meeting at least one of the following criteria:

- iii. The employee reports directly to the field at least fifty percent (50%) of his/her scheduled workdays and the employee lives more than ten (10) miles from the office headquarters.
- iv. The employee operates specialized equipment that would be required in the event of an emergency and there is not enough time to retrieve the equipment from a County facility.
- v. An employee has an irregular work schedule due to required attendance at work related activities an average of at least two (2) weekends per month or two (2) evenings per week.

3. Temporary Retention

The authority granted in this section shall not be used in place of or to circumvent the requirements of making formal requests for permanent retention.

When an employee is assigned a vehicle for standby overnight or a weekend, an assigned County vehicle is not to be used for personal use except in rare emergency situations when no other vehicles are available (such as for an urgent medical need).

A department director or their designee shall be authorized to grant temporary retention of vehicles to employees based on the following criteria:

- i. Temporary retention is in the best interest of the public.
- ii. When an employee is temporarily scheduled for standby duty outside of normal working hours due to emergency conditions or adverse weather.
- iii. When an employee is leaving before working hours or returning from an authorized County business trip after regular working hours.

- If non-County employees (i.e., family members) attend local, regional, or state meetings with an employee, the employee shall use his/her personal transportation, with the prior authorization of the department director or designee. Mileage reimbursement shall be allowed in accordance with the applicable provisions of the County's Personnel Policies and Practices Resolution.
