SUMMARY/DISCUSSION:

QliqSOFT, Inc. is a vendor that provides a HIPAA compliant end to end encryption solution for communications using mobile devices. This solution enables the program staff that provide outreach services to the community, coordinate care, and share restricted information needing immediate response, a secure solution that protects the content while enabling mobility. This solution enables efficiency for health staff without compromising the privacy of the clients served often in uses cases that are time sensitive requiring multi-disciplinary program staff communications.

The Secure Texting Subscription Agreement will provide an agile solution that enables the Health Department staff to download the application on their mobile devices as needed and County is not required to have a minimum number of individual subscriptions. The staff and programs that will utilize this solution will be the Sexual Assault and Response Team (SART), the Whole Person Care

Infrastructure:

- Plan and develop a sustainable, physical infrastructure that improves the quality of life for County residents and supports economic development results.

Public Safety:

- Create a safe environment for people to achieve their potential, leading businesses and communities to thrive and grow by reducing violent crimes as well as crimes in general.
