<b>NOTES</b>	
1. Hourly fees are charged in 0.25 hour increments	
2. "Extraordinary development applications" are those applications which will require staff time well beyond the typical application, as determined by the Chief of Planning or Building Official. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County is for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant.	
3. All applications require diagram of project attached to permit.	
4. Applicable to Special Events with temporary construction of tents over 400 sq ft or tents of any size with utilities.	
5. ICC Standard Calculation of Local Multiplier = (Budget x Cost Recovery %) / Total Valuation (from previous Fiscal year)	
6. Construction valuation is determined from the current International Code Council Building Valuation Data to be updated annually with the first published valuation table of the calendar year.	
7. Technical Expertise services required for projects including, but not limited to Water Resources Agency, shall be billed based on Cost Plus administrative fees for costs incurred to process such requests and shall be calculated at the time of service.
