RECITALS:

WHEREAS, an application for a Lot Line Adjustment between four lots of record consisting of; Parcel 1 - 636.8 acres (Assessor's Parcel Number 423-091-025-000), Parcel 2 - 211.9 acres (Assessor's Parcel Number 423-091-038-000), Parcel 3 - 321.1 acres (Assessor's Parcel Number 423-091-041-000) and Parcel 4 - 222.6 acres (Assessor's Parcel Number 424-081-012-000) owned by Sam Avila and Margaret J. Avila, as Trustees under Declaration of Trust dated August 16, 1989, and Albert Nicora, Successor of the Testamentary Trust of Joseph Labarere, deceased, was filed with the County in August 2020.

WHEREAS, the legality of the four (4) subject parcels is based on existing grant deeds: All of Section 28, Township and Portions of Sections 33, and 34 of Township 23 South, Range 10 East, and a portion of Section 3 of Township 24 South, Range 10 East. All with respect to Mount Diablo Base and Meridian in the unincorporated territory of the County of Monterey. File with the Monterey County Recorder's Office and Planning File No. PLN200176 and incorporated herein by this reference; and

WHEREAS, the parcels are subject to Agricultural Preserve Land Conservation Contract No. 72-1 (Document No. G06979, Reel 756, Page 435 - 451) established by the County by Resolution No. 72-33-1 dated February 29, 1972 as amended pursuant to the 1990 Amendment to Land Conservation Contract No. 72-1 recorded as Document No. 10449 at Reel 2473, Page 1039, recorded with the County Recorder on February 20, 1990 and will be reconfigured; and

WHEREAS, the applicant-owners report that the proposed Lot Line Adjustment has been submitted to comply with a Court Order on Petition To Authorize and Instruct Trustee Regarding Partition of Real Property dated October 16, 2019 in Monterey County Superior Court Case No. P19390. Lot Line Adjustments are often employed when the parties involved in a partition of real property matter want to separate their interests without selling the real property.

WHEREAS, these parcels currently contain vineyards and are subject to Williamson Act Agricultural Preserve No. 72-1 and corresponding Land Conservation Contract No. 72-1 (sometimes referred to as, "LCC No. 72-1"), established by the County of Monterey through Board of Supervisors Resolution No. 72-33-1, recorded as Document G 06979 at Reel 756, Page 435 and following, recorded with the County Recorder on February 29, 1972.

WHEREAS, on February 21, 1989, the Board of Supervisors approved an amendment to existing Agricultural Preserve No. 72-1 and LCC No. 72-1 which authorized an exchange of land and provided for removal of a 10.97 acre parcel and inclusion of an adjoining 16.40 acre parcel into Agricultural Preserve No. 72-1.

WHEREAS, following the Board's February 21, 1989 approval of the exchange of land, the 1990 Amendment to Land Conservation Contract No. 72-1 (sometimes referred to as "the 1990 Amendment") was prepared to amend Exhibit A to Land Conservation Contract No 72-1, to reflect the exchange of land as set forth in Exhibit A-I to the 1990 Amendment.

WHEREAS, the 1990 Amendment to Land Conservation Contract No. 72-1, was recorded with the Monterey County Recorder as Document No. 10449, at Reel 2473, Page 1039 and following, on February 10, 1990.

WHEREAS, the zoning for the parcels is either Permanent Grazing, 40-acre minimum (PG/40) Farmlands, 40-acre minimum (F/40) or both; and

WHEREAS, the Lot Line Adjustment will result in four reconfigured lots consisting of approximately of 519.7 acres (Parcel A), 329 acres (Parcel B), 486.1 acres (Parcel C) and 57.6 acres (Parcel D); and

WHEREAS, the lots contain vineyards, and the vineyard use is consistent with its zoning designations and compatible with the existing Williamson Act Contracts. There will be no net decrease in the amount of acreage restricted under a Williamson Act Contract and the vineyard use is proposed to continue. After the lot adjustment, the parcels of land subject to contract will be large enough to sustain their agricultural use; and

WHEREAS, the Board of Supervisors finds that the proposed Lot Line Adjustment of property is consistent with policies of the 2010 Monterey County General Plan, the South County Area Plan, regulations in the Zoning Ordinance (Title 21 of the Monterey County Code) and the Subdivision Ordinance (Title 19 of the Monterey County Code), as evidenced below; and,

WHEREAS, California Government Code Section 51257 requires that certain findings be made by the Board of Supervisors to facilitate Lot Line Adjustments of land under Williamson Act Contract and the request for a Lot Line Adjustment is consistent with California Government Code Section 51257 (Williamson Act) as evidenced below; and

WHEREAS, the Board of Supervisors further finds that the request for a Lot Line Adjustment is consistent with Board Resolution No. 00-462 (Resolution relating to the processing of Lot Line Adjustment affecting property under Agricultural Preserve Contract pursuant to the Williamson Act); and

WHEREAS, the Board of Supervisors, having considered the application and the evidence related thereto, finds and declares that:

1. **FINDING: CONSISTENCY** – The project, as described in Condition of Approval No. 1 and as conditioned, conforms to the policies, requirements, and standards of:
 - 1) The 2010 Monterey County General Plan;
 - 2) The South County Area Plan;
 - 3) The Monterey County Zoning Ordinance (Title 21);
 - 4) The Monterey County Subdivision Ordinance (Title –9 - Inland Subdivision Ordinance); and
 - 5) Section 51257 of the California Government Code (Williamson Act).

EVIDENCE: (a) The text, policies, and regulations in the above referenced documents have been evaluated during the course of review of this application. No conflicts between these documents and this project application were found to exist. No communications were received during the course of review of the project indicating any project inconsistencies with the text, policies, and regulations in these documents.

- (b) The properties are located along Jolon Road south of Lockwood and northwest of Hwy 101 and Bradley, Bradley, South County Area Plan, South County Area Plan. Parcel–1 - 636.8 acres (Assessor’s Parcel Number 423-091-025-000), Parcel–2 - 211.9 acres (Assessor’s Parcel Number 423-091-038-000); Parcel–3 - 321.1 acres (Assessor’s Parcel

Number 423-091-041-000) and Parcel-4 - 222.6 acres (Assessor's Parcel Number 424-081-012-000). The adjustment would result in four parcels of: 519.7 acres (Parcel A), 329 acres (Parcel B), 486.1 acres (Parcel C) and 57.6 acres (Parcel D), respectively.

- (c) The purpose for the Lot Line Adjustment is to comply with a Court Order Petition To Authorize and Instruct Trustee Regarding Partition of Real Property dated October 16, 2019. The reconfiguration is consistent with the Board approved list of compatible uses and the applicable Williamson Act Contracts including LCC No. 72-1 as amended by the 1990 Amendment to LCC No. 72-1.
- (d) The property currently contains vineyards which is an allowed use of the property and is compatible with the existing Williamson Act Contracts. The vineyard use will continue on the property after the Lot Line Adjustment. There will be no net decrease in the amount of acreage restricted under a Williamson Act Contract. After the Lot Line Adjustment, the parcels of land subject to contract will be large enough to sustain their agricultural use, as defined in Government Code Section 51222. The smallest lot created through the Lot Line Adjustment will be 57.6 acres. The uses are also compatible with Williamson Act Agricultural Preserve No. 72-1 and corresponding Land Conservation Contract No. 72-1, recorded as Document No. G06979, Reel 756, Page 435 – 451, established by the County No. 72-33-1, and with the 1990 Amendment to LCC No. 72-1 recorded as Document G 06979, at Reel 756, Page 435 and following, recorded with the County Recorder on February 29, 1972.
- (e) The four lots have a zoning designation of Permanent Grazing – 40-acre minimum (PG/40) and Farmland – 40-acre minimum (F/40). The proposed lot line configuration would result in four lots, with similar lot acres (40+ acres). The proposed Parcels A, B, C and D would meet the minimum parcel size requirement of 40 acres pursuant to Title 21 “Zoning” Chapter 21.34 “PG/40” Zoning District and the required lot configuration pursuant to Title 19 “Subdivisions,” Chapter 19.02.150 “Lot Line Adjustment.”
- (f) The existing mobile home and metal barn structures will be located within proposed Parcel B. As proposed both structures will meet the minimum setbacks from proposed property lines and all other development standards for the F/40 Zoning District.
- (g) The proposed Lot Line Adjustment would promote appropriate and orderly growth and development while protecting desirable land uses, in this case agricultural land uses (General Plan Goal LU-1). The proposed Lot Line Adjustment would: produce a superior lot configuration (Goal LU-1 item d); promote agriculture as a resource in this County (General Plan Goal LU-1 item f); better achieve the goals, policies, and objectives of the General Plan (General Plan Goal LU-1 item g); and facilitate routine and ongoing agricultural activities (General Plan Goal LU-1 item h). Parcel 1 (636.8 acres), Parcel 2 (211.9 acres), Parcel 3 (321.1 acres) and Parcel 4 (222.6 acres) will become Parcel A (519.7 acres), Parcel B (329 acres), Parcel C (486.1 acres), and Parcel D (57.6 acres), totaling 1,392.4 acres. All parcels are over the minimum requirement of 40 acres per the zoning designations of F/40 and PG/40. Staff has reviewed the proposed Lot Line Adjustment and determined that the findings required

to approve the proposed Lot Line Adjustment of Williamson Act lands pursuant to Government Code Sections 51257 (a) and 66412(d) can be made in this case. The proposed Lot Line Adjustment is for agricultural purposes, will not create more parcels than currently exist, and the adjusted lots will continue to be large enough to sustain their agricultural use. The new or amended contract or contracts will enforceably restrict the adjusted boundaries of the four parcels for an initial term for at least as long as the unexpired term of the rescinded contract or contracts, but for not less than 10 years. There will be no net decrease in the amount of the acreage restricted. At least 90 percent of the land under the former contract or contracts will remain under the new or amended contract or contracts. After the Lot Line Adjustment, the parcels of land subject to contract will be large enough to sustain their agricultural use, as defined in Section 51222. The Lot Line Adjustment would not compromise the long-term agricultural productivity of the parcels or other agricultural lands subject to a contract or contracts. The Lot Line Adjustment will not result in a greater number of developable parcels than existed prior to the adjustment, or an adjusted lot that is inconsistent with the general plan.

- (h) The project was referred to the Agricultural Advisory Committee (AAC) for review on February 25, 2021. The 2010 General Plan Policy AG-1.8 requires that all discretionary applications in lands designated for agricultural use be referred to the County's Agricultural Advisory Committee (AAC) for their review and recommendation to the decision-making body. The AAC recommended approval of the project by a vote of 8-0.
- (i) The project planner conducted a site inspection on January 24, 2024, to verify that the existing uses on the subject parcels conform to the proposed LLA site plan provided.
- (j) The application, plans, and related support materials found in Planning File No. PLN200176.

2. FINDING: SITE SUITABILITY – The site is physically suitable for the use proposed.

- EVIDENCE:**
- (a) The project has been reviewed for site suitability by the following departments and agencies: HCD - Planning Division, South Monterey County Fire Protection District, HCD- Environmental Services, HCD- Engineering Services, and Environmental Health Bureau. There has been no indication from these departments/agencies that the site is not suitable for the proposed Lot Line Adjustment. Conditions have been incorporated accordingly.
 - (b) An inactive well exists on Assessor's Parcel Number 151-011-058-000. The applicant has indicated their intention to retain the well for future use and provided documentation to the Environmental Health Bureau that the well meets the standards for an inactive well specified by California Well Standards Bulletin 74-90, California Department of Water Resources.
 - (c) The application, plans, and related support materials found in Planning File No. PLN200176.
 - (d) The Lot Line Adjustment would not result in any new developable parcels or an adjusted lot that is inconsistent with the general plan or with subject Agricultural Preserve Land Conservation Contracts (AGP) Contract No. 72-1 (Document No. G06979, Reel 756, Page 435 - 451).

3. FINDING: CONFORMANCE WITH SUBDIVISION ORDINANCE AND PARCEL LEGALITY DETERMINATION - Pursuant to Section 19.09.025.B.1 of the Monterey County Subdivision Ordinance (Title 19), the Lot Line Adjustment is between four existing adjacent lots.

- EVIDENCE:** (a) The subject Lot Line Adjustment is between four existing adjacent lots.
- (b) Parcel "1" (APN 423-091-025-000) containing approximately 636.8 acres, was recognized as a legal lot pursuant to an existing Grant Deed: All of Section 28 in Township 23 South, Range 10 East, Mount Diablo Base and Meridian, in the County of Monterey, State of California, according to the official plat thereof.
 - (c) Parcel "2 and 3" (APN 423-091-038-000 and 423-091-041-000) containing approximately 211.9 acres and 321.1 acres, was recognized as a legal lot pursuant to an existing Grant Deed: East 1/2 of Section 33; North 1/2 of Section 34; and Northwest 1/4 of Section 36, all in Township 23 South, Range 10 East, Mount Diablo Base and Meridian, in the County of Monterey, State of California, according to the official plat thereof.
 - (d) Parcel "4" (APN 424-081-012-000) containing approximately 222.6 acres, was recognized as a legal lot pursuant to an existing Grant Deed: All that portion of the North 1/2 of Section 3, Township 24 South, Range 10 East, Mount Diablo Base and Meridian, in the County of Monterey, State of California, lying Northerly of the Northerly boundary of the easement for highway purposes described in the deed from B. F. Porter Estate, a Corporation, to the State of California, dated February 13, 1943 and recorded on October 17, 1944 in Volume 848 Official Records of Monterey County at Page 255.
 - (e) The application, plans, and related support materials can be found in Planning File No. PLN200176.

4. FINDING: CONFORMANCE WITH SUBDIVISION ORDINANCE AND NO NEW LOTS CREATED – Pursuant to the Monterey County Code (MCC) Section 19.09.025.B.2 of the Monterey County Subdivision Ordinance (Title 19), a greater number of parcels or lots than originally existed will not be created as a result of the Lot Line Adjustment.

- EVIDENCE:** (a) The existing four lots of record will be adjusted, resulting in four lots. The proposed Lot Line Adjustment would not result in more developable parcels and would not compromise the long-term agricultural productivity of the other parcels. Furthermore, no farmland will be taken out of production.
- (b) The application, plans, and related support materials found in Planning File No. PLN200176.

5. FINDING: CONFORMANCE WITH SUBDIVISION ORDINANCE AND CONTIGUOUS LOTS OF RECORD – Pursuant to MCC Section 19.09.025.B.3 of the Monterey County Subdivision Ordinance (Title 19), the parcels resulting from the Lot Line Adjustment conform to the County Zoning and Building Ordinances and are contiguous parcels.

- EVIDENCE:** (a) The application and plans for a Lot Line Adjustment found in Planning File No. PLN200176.
- (b) See evidence in Finding 1, above.

6. **FINDING: CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)** – The project is categorically exempt from environmental review.
- EVIDENCE** a) Guidelines for CEQA, California Code of Regulations, Title 14, Chapter 3, Section 15305(a) categorically exempts Lot Line Adjustments, side yard, and setback variances in areas with an average natural slope of less than 20% not resulting in the creation of any new parcel.
- (b) Section 15317 of the CEQA Guidelines categorically exempts the establishment of agricultural preserves, the making and renewing of Open Space Contracts under the Williamson Act, or the acceptance of easements or fee interests in order to maintain the open space character of the area.
- (c) Based on a review of the project plans, approval of the project would not result in any potentially adverse impacts. No additional development is proposed with this project.
- (d) See preceding findings and related evidence.
7. **FINDING: PUBLIC NOTICE**– - Public notice of the pending Lot Line Adjustment was provided pursuant to MCC Section 19.01.055, (Title 19 - Subdivisions).
- EVIDENCE:** Materials in Planning File No. PLN200176.
8. **FINDING: NO VIOLATION**– - The subject property was not in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County’s Zoning Ordinance (Title 21).
- EVIDENCE:** (a) Staff has reviewed Monterey County HCD - Planning Department and Building Services Department records and is not aware of any violations existing on the subject property prior to the submittal of the photos of the existing structures on site
- (b) The site photo identified an unpermitted 3,661 square foot agricultural commercial metal building on parcel Parcel B (423-091-038-000). The applicants had the option of demolishing the structure or obtain the proper entitlement. The applicants have since obtained a building permit (22CP02729) and corrected the violation prior to commencing the Lot Line Adjustment application.
- (c) The project is now in compliance with all rules and regulations pertaining to the property.
- (d) The application, plans and supporting materials submitted by the project applicant to Monterey County HCD-Planning for the proposed development are found in Project File PLN200176.
9. **FINDING: HEALTH AND SAFETY**– - The establishment, maintenance, or operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.
- EVIDENCE:** See preceding FINDING NOS. 1, 2, 3, 4 and 5 and supporting evidence.
10. **FINDING: WILLIAMSON ACT – CONTRACTS** – Pursuant to California Government Code Section 51257(a)(1), the new or amended Contract or Contracts would enforceable restrict the adjusted boundaries of the parcel

for an initial term for at least as long as the unexpired term of the rescinded Contract or Contracts, but for not less than ten (10) years.

EVIDENCE: (a) The proposed Amendment to Agricultural Preserve No. 72-1 and corresponding Land Conservation Contract No. 72-001, recorded as Document No. G06979, Reel 756, Page 435 – 451, established pursuant to Board of Supervisors Resolution No. 68-56-16 dated February 29, 1972 as amended by the 1990 Amendment to LCC No. 72-1 recorded as recorded as Document G 06979 at Reel 756, Page 435 and following, recorded with the County Recorder on February 29, 1972 which shall be applicable to the four reconfigured lots will reflect the redistribution of 1,392.4 acres of land under Williamson Act Contract.

(b) The term of the original Land Conservation Contracts renew annually on each succeeding January 1; the term of the new or amended Contract or Contracts shall be automatically renewed on January 1 and one (1) additional year shall be added automatically to the initial term unless notice of nonrenewal is given.

11. FINDING: WILLIAMSON ACT – NO NET ACREAGE DECREASE - Pursuant to California Government Code Section 51257(a)(2), there is no net decrease in the amount of the acreage restricted. In cases where two (2) lots involved in a Lot Line Adjustment are both subject to Contracts rescinded pursuant to this Section, this finding will be satisfied if the aggregate acreage of the land restricted by the new Contracts is at least as great as the aggregate acreage restricted by the rescinded Contracts.

EVIDENCE: (a) The Lot Line Adjustment will reconfigure the lots with a net decrease of 117.10 acres (Parcel A) and equal net increase of 117.10 acres to (Parcel B). In addition, a net increase of 165 acres (Parcel C) and equal net decrease of 165 acres (Parcel D) Therefore, the Lot Line Adjustment would not result in a net decrease in the amount of the acreage restricted between the four (4) proposed lots (Parcel A, B, C and D).

(b) Condition of Approval No. 5 shall require that a surveyor prepare legal descriptions for each newly configured parcel and submit them to HCD-Planning for review and approval for recordation with the Monterey County Recorder's Office as attachments to the Certificates of Compliance for the reconfigured parcels.

(c) The application, plans, and related support materials found in Planning File No. PLN200176.

12. FINDING: WILLIAMSON ACT – NEW CONTRACTS - Pursuant to California Government Code Section 51257(a)(3), at least 90 percent of the land under the former Contract or Contracts remains under the new or amended Contract or Contracts.

EVIDENCE: (a) The proposed new or amended Contract or Contracts will continue to cover at least 90 percent of the subject lots under Agricultural Preserve Land Conservation Contract No. 72-1.

(b) The application and plans for a Lot Line Adjustment found in Planning File No. PLN200176.

13. FINDING: WILLIAMSON ACT – SUSTAIN AGRICULTURAL USE - Pursuant to California Government Code Section 51257(a)(4), after the Lot Line Adjustment, the parcels of land subject to Contract will be large enough to

sustain their agricultural use, as defined in Government Code Section 51222.

- EVIDENCE:** (a) The proposed Lot Line Adjustment applicable to the four reconfigured parcels shall reflect the redistribution of 1,392.4 acres of land under Williamson Act Land Conservation Contracts.
- (b) Pursuant to California Government Code Section 51222 (Williamson Act), “agricultural land shall be presumed to be in parcels large enough to sustain their agricultural use if the land is: (1) at least 10 acres in size in the case of prime agricultural land, or (2) at least 40 acres in size in the case of land which is not prime agricultural land.” The total acreage involved in the subject Lot Line Adjustment is 1,392.4 acres in total.
- (c) County of Monterey Board of Supervisors Resolution No. 01-485 requires that agricultural preserves will not be considered unless the group of contiguous parcels included in the preserve contains 100 or more acres, or 40 or more acres if the Board finds that smaller preserves are necessary due to the unique characteristics of the agricultural enterprises in the area. With the exception to the mobile home and metal barn, the subject Lot Line Adjustment will sustain the 1,392.4 acres as agricultural uses or agricultural accessory uses within Agricultural Preserve Land Conservation Contract Nos. 72-1.
- (d) The application plans, and related support materials found in Planning File No. PLN200176.

- 14. FINDING: WILLIAMSON ACT – LONG-TERM AGRICULTURAL PRODUCTIVITY** - Pursuant to California Government Code Section 51257(a)(5), the Lot Line Adjustment would not compromise the long-term agricultural productivity of the parcel or other agricultural lands subject to a Contract or Contracts.

- EVIDENCE:** (a) The proposed lot configuration would produce a superior parcel configuration as it would not create a net decrease in agricultural acreage between the four parcels but will allow the vineyards operation within all four parcels. The proposal would facilitate the routine and ongoing agricultural activities. Monterey County promotes agriculture, and as such, elected to include an Agricultural Element as part of the General Plan to establish policies directed at enhancing and supporting the long-term productivity and commercial viability of the County’s agricultural industry. Policy AG-1.3 allows the proposed Lot Line Adjustments as it is exclusively intended for agricultural purposes.
- (b) The application plans, and related support materials found in Planning File No. PLN200176

- 15. FINDING: WILLIAMSON ACT – ADJACENT AGRICULTURAL LAND USE** - Pursuant to California Government Code Section 51257(a)(6), the Lot Line Adjustment is not likely to result in the removal of adjacent land from agricultural use.

- EVIDENCE:** (a) The subject parcels and surrounding area are designated as Permanent Grazing – 40-acre minimum (“PG/40”) and Farmland – 40-acre minimum (“F/40”). The Lot Line Adjustment will not affect current agricultural operations on the subject properties and on adjacent properties. No

physical development is proposed. The adjustment would not allow any uses that could not also occur under the current configuration.

- (b) The application and plans for a Lot Line Adjustment found in Planning File No. PLN200176.

16. FINDING: WILLIAMSON ACT – NO NEW DEVELOPABLE PARCELS - Pursuant to California Government Code Section 51257(a)(7), the Lot Line Adjustment does not result in a greater number of developable parcels than existed prior to the adjustment, or an adjusted lot that is inconsistent with the general plan.

- EVIDENCE:**
- (a) The existing four reconfigured lots do not result in a greater number of developable parcels than existed prior to the adjustment. See Finding 4.
 - (b) The application, plans, and related support materials found in Planning File No. PLN200176.

NOW THEREFORE, BE IT RESOLVED that the Board of Supervisors does hereby:

- a. Find that the proposed Lot Line Adjustment qualifies as a Class 5 Categorical Exemption per California Environmental Quality Act (CEQA) Guidelines California Code of Regulations (CCR) Section 15305. Minor Alterations in Land Use Limitations. (a) Minor

lot line adjustments, side yard, and set back variances not resulting in the creation of any new parcel in accordance with the Subdivision Map Act and, there are no exceptions pursuant to CEQA Guidelines CCR Section 15300.2; and

- b. Approve a Lot Line Adjustment of Williamson Act lands within Agricultural Preserve No. 72-1 and corresponding Land Conservation Contract No. 72-1 as amended in 1990 between four legal lots of record consisting of 636.8 acres (Assessor's Parcel Number 423-091-025-000), 211.9 acres (Assessor's Parcel Number 423-091-038-000), 321.1 acres (Assessor's Parcel Number 423-091-041-000) and 222.6 acres (Assessor's Parcel Number 424-081-012-000) before the Lot Line Adjustment, resulting in four adjusted parcels consisting of; 519.7 acres (Parcel A), 329 acres (Parcel B), 486.1 acres (Parcel C) and 57.6 acres (Parcel D); and
- c. Authorize the Chair to execute a new or amended Land Conservation Contract or Contracts in order to rescind a portion of the existing Land Conservation Contracts as applicable to the reconfigured lots only and simultaneously execute a new or amended Land Conservation Contract or Contracts for the reconfigured lots between the County and the property owners reflecting the new legal description, current ownership interests and to incorporate any legislative changes to State Williamson Act provisions and current County Agricultural Preserve Policies or Procedures; and
- d. Direct the Clerk of the Board to record the new or amended Land Conservation Contract or Contracts subject to the submittal of the appropriate recording fees from the property owners of record.

In general conformance with the attached sketch and plans, and subject to the attached conditions all being attached hereto and incorporated herein by this reference.
