<i>Other Issues</i>	<i>Brief Summary</i>	<i>Action Taken</i>
Winter Storms – Federal Response	<p>Since the levee breach on the Pajaro River on March 10, 2023, Pajaro has suffered devastating damages. The subsequent winter storms have compounded the impact on the area, and county officials and representatives have been working around the clock to secure assistance for county residents and businesses. From a federal perspective, Senator Padilla, Senator Feinstein, Congressman Panetta, and Congresswoman Lofgren have all been highly engaged with me, and have rendered assistance in securing a Presidential Major Disaster Declaration for nine California counties, including Monterey County. Gov. Gavin Newsom sent the request on March 28, 2023. President Biden signed the declaration on April 3, 2023, and it paved the way for the Federal Emergency Management Agency (FEMA) to provide federal aid to local governments and individuals impacted by storms in February and March.</p>	<p>Federal advocacy is currently focused on follow-on issues, such as reimbursement issues relating to relocating the force sewer main and Pajaro levee repairs.</p> <p>10/14/24 – Letter to FEMA</p> <p>10/18/24 – WRA, DEM, and PWFP meeting with Reps. Panetta and Logred to provide update on pending denial and to request advocacy assistance</p> <p>10/30/24 – Staff from Reps. Panetta and Lofgren met with FEMA on County’s behalf and provided a detailed update (see November federal report)</p> <p>10/31/24 – County staff met with CalOES and FEMA to further discuss reimbursement challenges.</p> <p>12/2/24 - County staff has scheduled a site visit at the levee at 2pm PT, with CalOES, FEMA, and USACE, and in coordination with Reps. Lofgren’s and Panetta’s offices</p> <p>I will continue to coordinate outreach to the federal delegation regarding appropriate communication with USACE and FEMA and to facilitate reimbursement of expenses.</p>

<i>Other Issues</i>	<i>Brief Summary</i>	<i>Action Taken</i>
FEMA Denial of Non-Congregate Shelter	<p>Following the Pajaro Levee breach in March, over 500 residents were sheltering at the Santa Cruz Fairgrounds shelter in Watsonville, along with other temporary housing options. Monterey County conducted assessments to review alternatives and determined that initiating NCS was in the best interest of the survivors and taxpayers. Prior to the initiation of non-congregate sheltering, the County had exhausted all local resources to continue congregate sheltering.</p> <p>FEMA provides Public Assistance funding to local government applicants for costs related to emergency sheltering of survivors. The County has received conflicting guidance regarding eligibility to reimbursement of expenses related to NCS pursuant to Public Assistance funding.</p>	<p>Close coordination with Rep. Lofgren's office regarding conflicting guidance the County has received in relation to the FEMA non-congregate shelter (NCS) for displaced Pajaro residents. Rep. Lofgren's office will continue to work with the county and advocate on our behalf with FEMA.</p> <p>5/23/24 Teleconference with Rep. Panetta's office to discuss various FEMA reimbursement issues.</p> <p>Additional federal advocacy is anticipated in the near term</p>
