III. Consent: May 26, 2022 – Meeting Minutes	Committee	Motion passes to approve May 26, 2022, Minutes.
V. Agricultural Commissioner's Update: 2021 Crop Report was released on July 12, 2022. Theme: <i>Salad Bowl of the World</i> with short video to accompany the report. Special thanks to Colby Pereira and Dirk Giannini for helping with video. Gross production value of \$4.1 billion, an increase of 4.8% from 2020. Top Five Crops: Strawberries, leaf lettuce, head lettuce, broccoli and wine grapes. - DPR held three workshops on June 27, 28 and 29 to collect feedback and to inform of the next phase of design and development for the state's pesticide application notification system. - Santa Cruz County Ag Commissioner's Office launched their notification pilot website. You can take a look by accessing: https://www.agdept.com/ then clicking the "Pesticide Notification Pilot Project" - AG Pass- Successful Kick-Off Meeting June 22 with first responders and other key stakeholders where we received feedback on the development of an AG Pass Program in Monterey County. Staff is incorporating suggestions into the development of the AG Pass Program and continuing to work on the administrative steps, including drafting standard operating procedures and application flow chart. Once a draft of the program is completed, staff will present to stakeholders for further feedback before going before the Board of Supervisors for final consideration. - Farmworker Resource Center: In February, the Board of Sups directed staff to apply for State grant funding under AB941 and appropriated \$250k of County funds for the creation of a Farmworker Resource Center in Greenfield. AB941 program guidelines are being worked on by the State, so the application is still not available	Jose Chang, <i>Assistant Agricultural Commissioner</i>	No action is necessary.

to apply for grant funding until end of this year. While the State works on the application guidelines, staff is working on the program development by engaging other County Dept. partners and next week we meet with Community Based Organizations that will provide insight of services that should be rendered at the FRC.

<u>VIII. Agricultural Advisory Committee Comments</u> <i>AAC AdHoc Subcommittee Discussion: Committee members S. Darington and S. Violini addressed the issue with not having all AAC AdHoc Subcommittee members present at these AAC AdHoc Subcommittee meetings (scheduled on the 2nd Monday of each month) to consider the AG Land Conservation Mitigation strategies presented by County HCD (Melanie Berreti and Taylor Price). The Subcommittee have had split decisions on the ag mitigation ratios options because not all members are present, leaving a small number of committee members (usually four members) with split decisions. The next Subcommittee meeting is scheduled on August 14 and it is important all Subcommittee members attend in order to have additional votes on the subject mitigation ratios to not face another split decision. Norm Groot identified he would not be able to attend the Subcommittee meeting in August as a Subcommittee member due to pre-scheduled plans. He may send a proxy to represent Farm Bureau at the next meeting. Once the Subcommittee has successfully passed a recommendation, the item will be before the regular Ag Advisory Committee, hopefully by the end of August 2023.</i>	<i>Sherwood Darington,</i> AAC Member <i>Scott Violini,</i> AAC Member <i>Nadia Garcia,</i> Ag Programs Manager	<i>None</i>
