6. Services to be performed:

CalVCB and the District Attorney's Office agree:

A. The Criminal Restitution Compact (CRC) Restitution Specialist (hereinafter, "Specialist") shall assist the prosecuting attorney to ensure proper imposition of the following:

- 1) Restitution orders in all cases involving an applicant who has filed an application with CalVCB and where monies have been paid or are expected to be paid on behalf of the direct victim or any other applicant;
- 2) Restitution fines on all convicted offenders;
- 3) Parole revocation restitution fines in all cases in which the offender receives a sentence that includes a period of parole;
- 4) Diversion restitution fees in all cases in which the offender is diverted;
- 5) Probation revocation restitution fines in all cases in which the offender receives a sentence that includes a period of probation;
- 6) Post-release community supervision revocation restitution fines in all cases in which the offender receives a sentence that is subject to post-release community supervision; and
- 7) Mandatory supervision restitution revocation fines in all cases in which the offender receives a sentence that is subject to mandatory supervision.

B. The Specialist shall be an employee of the District Attorney's Office, at a level equivalent to a Data Input Clerk or above.

C. The Specialist shall report to a supervisor designated by the District Attorney's Office and agreed to by CalVCB.

D. The District Attorney's Office (or their designee) and CalVCB's Executive Officer (or their designee) shall meet as necessary to discuss the Scope of Work (SOW) or any other aspect of this Agreement.

E. The Specialist shall have access to the necessary court records to monitor cases associated with any applications filed with CalVCB as they proceed through the adult and juvenile criminal justice systems. The Specialist must immediately contact CalVCB's CRC Analyst with specific information to prevent any potential overpayments on initial or subsequent applications if it is discovered the victim, derivative victim, or

applicant is no longer eligible as defined under Government Code sections 13954 and/or 13956, including but not limited to any of the following reasons:

- 1) Involvement in the crime
- 2) Lack of cooperation with law enforcement or CalVCB
- 3) Convicted of a violent felony or required to register as a sex offender (Penal Code section 290 registrants)

- F. The DDA assigned to prosecute the criminal case, or their designee, may complete and provide defense counsel with the CalVCB Disclosure Form, which discloses that a victim or witness may have submitted an application for services to CalVCB. The Specialist may disclose, pre-conviction, the applicant's name, category of expense, and the amount of compensation disbursed for each victim in a pending, criminal case. Such disclosure is limited to either the district attorney or probation department upon written request. If either the DDA or defense desires additional information regarding the application or services provided prior to the conviction of an offender, they must personally serve a subpoena on CalVCB at 400 R Street, Sacramento, CA 95811. After the associated offender has entered a guilty plea or been convicted, the Specialist shall provide the District Attorney's Office with the amount of assistance granted by CalVCB, if any, for the purpose of obtaining a restitution order.
- G. The District Attorney's Office shall submit CalVCB's payment information (initial and subsequent), as described under the SOW (Exhibit A) to the court and request the court impose one or more of the following, as appropriate: a restitution fine; a diversion restitution fee; a probation revocation restitution fine; a parole revocation restitution fine; a post release community supervision revocation restitution fine; a mandatory supervision revocation restitution fine; a restitution order for an amount equal to that amount which CalVCB has paid on the associated application(s); and/or a restitution order for an amount "to be determined" (if CalVCB has not made a payment on the associated application(s)).
- H. If a case is forwarded to the probation department for completion of a pre-sentence investigation (PSI) report, the Specialist shall provide CalVCB's payment information and request the probation department include the information in the PSI. The Specialist shall contact parole, probation, or other supervising post-release agencies to modify orders.
- I. The Specialist shall enter into CalVCB's Compensation and Restitution Computer System's (Cares2) Criminal Disposition Tracking System (CDTS), the final disposition status of juvenile and/or adult criminal cases associated with applications filed with CalVCB within thirty (30) calendar days of the judge imposing the restitution order and fine. This deliverable may be used to assess a CRC's effectiveness, and failure to enter the information may impact current and future Agreement funding.
- J. After sentencing has occurred, the Specialist is required to ensure that the court's final decision (via the CR-110 and/or Minute Order) is uploaded to CDTS and forwarded to the California Department of Corrections and Rehabilitation, Office of Victim and Survivor Rights and Services (CDCR- OVSRS) at P.O. Box 942883, Sacramento, CA

94283-0001, or the local collection entity.

- K. The Specialist is required to scan and upload to CDTs the Pre-Conviction Disclosure Form, the Restitution Request Form, and other documents relevant to the restitution order and fine. Additionally, the Specialist is required to use the "Notes" feature in CDTs to document the status of the case.
- L. The Specialist shall monitor in Cares2 CalVCB's applications associated with restitution orders imposed for an amount "to be determined" (TBD). The Specialist shall monitor TBD restitution orders via CDTs in the Post-Disposition Follow-Up Queue. CalVCB's Custodian of Records (COR) shall assist the Specialist and other appropriate District Attorney's Office staff in preparing to have an offender returned to court for the imposition or modification of a restitution order by providing redacted bills, when necessary, to substantiate any restitution orders requested.
- M. The Specialist shall notify CalVCB when they decline to seek a removal order to have an inmate transported to court for the imposition or modification of a restitution order when the amount of restitution sought is greater than \$1,500.00. The Specialist shall provide the following information to CalVCB's CRC Unit at:
CriminalRestitutionCompact@victims.ca.gov
- 1) Application ID
 - 2) Defendant Name
 - 3) Court Case Number
 - 4) Sentencing Date
 - 5) Restitution Amount
 - 6) Reason a removal order was not sought
 - 7) Whether the trial court retained jurisdiction under Penal Code section 1202.46 to determine the amount of restitution at a later date
- N. The Specialist will cooperate with CDCR staff in the modification of restitution orders. The Specialist will upload the amended CR-110, Abstract of Judgment, and/or Minute Order to CDTs and forward a copy to the CDCR-OVSRS at P.O. Box 942883, Sacramento, CA 94283-0001, or the local collection entity.
- O. The Specialist shall notify CalVCB's CRC Analyst, upon discovery, that the applicant filed a civil suit, vehicle insurance claim, workers' compensation claim, or any other type of recovery that could be used to offset losses the applicant incurred as a direct result of the crime.
- P. The Specialist shall respond to CalVCB on probate-related matters within three (3) business days of a request for imposed and/or outstanding restitution fine, order and offender information.
- Q. The Specialist shall respond to CalVCB's COR on restitution-related matters and/or CalVCB's Hearing and Appeals staff within three (3) business days of a request.
- R. The Specialist shall facilitate contact, provide training, and attend meetings between

the county collection entity(ies) to identify and discuss ways to ensure the collection of, as well as increase the collections of, restitution orders and fines.

- S. The Specialist shall serve as a county resource on restitution issues, statutes, and case law.
 - T. The Specialist and their supervisor shall review and acknowledge all CalVCB policies as referenced in the Special Terms and Conditions (Exhibit D) and attachments outlined on the front cover of this Agreement (STD 213), in accordance with the duties being performed under this Agreement.
 - U. The Specialist must perform the work described in the SOW (Exhibit A). The Specialist shall document their time and activities by using the CalVCB CRC Specialist Monthly Activity Timesheet (Attachment 2). The District Attorney's Office shall bill CalVCB only for the actual percentage of time the Specialist dedicates to CalVCB activities. Actual time is the time spent on CRC Agreement duties. This time includes vacation, sick, holidays or annual leave hours only if the staff person accrued the leave during the time the staff person was performing the functions described in this Agreement. Other time, including but not limited to, jury duty and industrial leave are not considered time worked on this Agreement and are to be paid by the county.
7. If there is any conflict between Attachments 1 through 11, and any provisions in the STD 213 Agreement, including Exhibits A, B, B-1, C, and D, the provisions in the Agreement shall prevail over the Attachments.

**EXHIBIT B

The final reimbursement to the District Attorney's Office shall be contingent upon the receipt and approval of the final year-end invoice received by CalVCB.

2. Budget Contingency Clause

- A. It is mutually agreed upon between CalVCB and the District Attorney's Office that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, CalVCB shall have no liability to pay any funds to the District Attorney's Office or to furnish any other considerations under this Agreement and the District Attorney's Office shall not be obligated to perform any further provisions of this Agreement.

- C. The District Attorney's Office shall be paid by CalVCB from the Restitution Fund. Any payments shall be contingent upon the availability of funds in the Restitution Fund. Any funds paid shall not be a charge upon any federal monies or State General Fund monies. - D. CalVCB reserves the right to disencumber Agreement monies at any time during the contractual relationship for reasons substantiated by CalVCB. Notification will be provided to the county before any action is taken.

3. Payment of Invoices

CalVCB shall endeavor to pay all properly submitted and undisputed invoices within forty-five (45) days of receipt.

4. Period of Performance

The period of performance for this Agreement shall be three (3) years. Any and all amendments to this Agreement shall be made in writing.

5. Cost Limitation

A. The total cost of this Agreement shall not exceed \$350,949.00.

B. It is understood and agreed that this total is an estimate and that CalVCB shall pay for only those services actually rendered as authorized by the CalVCB Project Representative, as identified in Exhibit A, Section 5 or designee, up to the amount set forth in Invoicing and Payment Provisions (Exhibit B).

C. Funding shall be contingent upon availability of funds and shall be at the sole discretion of CalVCB. Funding may only be expended in the fiscal year the funds are encumbered. The funding of this Agreement may be changed by written amendment to the Agreement and upon approval of the designee approved by CalVCB.

D. The District Attorney's Office shall submit a Budget Worksheet (Exhibit B-1) listing all Fiscal Years included in the Agreement term and shall provide it with the Agreement package. Each modification to the Budget Worksheet shall be subject to scrutiny. The CRC Analyst or designee shall provide advance, written approval of any budget modifications.

E. Except when necessitated by personnel changes, the B-1 may be modified no more than three times per fiscal year.

6. Reduction of Agreement Amount

A. CalVCB reserves the right to reduce the amount of the Agreement if CalVCB's fiscal monitoring indicates that the District Attorney's Office rate of expenditure will result in unspent funds at the end of the fiscal year or when deemed necessary. If a reduction does occur, CalVCB will provide a written explanation to the District Attorney's Office within thirty (30) days of said decision.

B. CalVCB reserves the right to reduce the amount of the Agreement if the dollar amount of restitution orders imposed by the county on behalf of CalVCB in a given fiscal year is less than the amount paid to the county in that same fiscal year. If a reduction does occur, CalVCB will provide a written explanation to the District Attorney's Office within thirty (30) days of said decision.

7. Indirect Costs

If billing for indirect costs, the District Attorney's Office shall submit a copy of its Indirect Cost Plan (ICP) with the budget. The ICP must identify the number of employees it covers and include a breakdown and calculation specifying which costs are associated to the Specialist position included in the monthly charge (for example, payroll and accounting services). **EXHIBIT D
SPECIAL TERMS AND CONDITIONS**

1. Settlement of Disputes

- A. Any dispute concerning a question of fact arising under this Agreement that is not disposed of by mutual agreement shall be decided by CalVCB's Administration Division Chief or designee, who may consider any written or verbal evidence submitted by the Contractor. The decision of the Administration Division Chief or designee, issued in writing, shall be CalVCB's final decision regarding the dispute.
- B. Neither the pendency of a dispute nor its consideration by the Administration Division Chief or designee will excuse the Contractor from full and timely performance in accordance with the terms of the Agreement.

2. Termination

- A. If, after award and execution of the Agreement, the Contractor's performance is unsatisfactory, the Agreement may be terminated for default. Default is defined as the Contractor failing to perform services required by the Agreement in a satisfactory manner.
- B. CalVCB reserves the right to terminate this Agreement without cause upon thirty (30) days written notice to the Contractor or immediately in the event of default or material breach by the Contractor.

3. Termination For Convenience

CalVCB or the District Attorney reserves the right to terminate this Agreement upon thirty (30) days written notice to the other party. In such an event, the District Attorney's Office shall be compensated for actual costs incurred in accordance with the terms of this Agreement up to the date of termination. Invoicing of the above-mentioned costs must be submitted to CalVCB within thirty (30) calendar days of the date of termination.

4. Amendments

This Agreement may be amended in writing by mutual written consent of both parties.

5. Subcontracting

All subcontracting must comply with the requirements of the State Contracting Manual, Volume 1, Section 3.06. Nothing contained in this Agreement or otherwise shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the District Attorney's Office of their responsibilities and obligations herein. The District Attorney's Office agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any

of them as it is for the acts and omissions of persons directly employed by the District Attorney's Office. The District Attorney's Office's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the District Attorney's Office. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

6. Executive Order N-6-22 Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs State agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this Agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

7. Americans with Disabilities Act

Contractor agrees to ensure that deliverables developed and produced, pursuant to this Agreement shall comply with the accessibility requirements of Sections 7405 and 11135 of the California Government Code, Section 508 of the Rehabilitation Act of 1973 as amended (29 U.S.C. § 794d), regulations implementing the Rehabilitation Act of 1973 as set forth in Part 1194 of Title 36 of the Code of Federal Regulations, and the Americans with Disabilities Act of 1990 (42 U.S.C. §§ 12101, et seq.). In 1998, Congress amended the Rehabilitation Act of 1973 to require Federal agencies to make their electronic and information technology (EIT) accessible to people with disabilities. California Government Code Sections 7405 and 11135 codifies Section 508 of the Rehabilitation Act of 1973 requiring accessibility of EIT.

8. Regulations and Guidelines

A. All parties agree to abide by all applicable federal and state laws and regulations, and CalVCB guidelines, directives, and memos as they pertain to performance of this Agreement.

9. Program Evaluation and Monitoring

The Specialist shall make available to CalVCB, and its representatives, for purposes of inspection, audit, and review, any and all books, papers, documents, financial records, and other records pertaining to the operation of this Agreement. The records shall be available for inspection and review during regular business hours throughout the term of this Agreement, and for a period of three (3) years after the expiration of the term of this Agreement.

10. Performance Assessment

- A. CalVCB may assess and evaluate the Contractor's performance based on data from Cares2. This includes completed disposition information, inventory, notes, amended orders, uploaded documents, and all activity.
- B. CalVCB reserves the right to revoke the logon of any Contractor whose performance is consistently poor or below average based on the performance criteria used by CalVCB or who does not comply with the Agreement provisions. CalVCB may monitor performance under the Agreement and report performance to the contractor and their supervisor/manager.
- C. CalVCB may set performance and production expectations or goals for the Contractor related to the fulfillment of the services in this Agreement. The expectations may include but are not limited to: specific time frames for completion of work; specific amount of work to be completed within given time frames; specific standards for the quality of work to be performed; and the amount of restitution imposed. CalVCB may provide written notice of the performance and production expectations to the Contractor and their supervisor/manager. CRC Performance Plan Monthly

Performance Statistics

Monthly Performance Statistics will be provided by the CRC Contract Analysts on the 15th of the month for the prior month. The statistics will be sent by email to the CRC Specialist and their supervisor.

Monthly Performance Statistics will contain four categories

1. Application Notification (AN) is the initial work item and first notice that a victim application has been filed with CalVCB. The CRC Specialist will open each AN and research to determine if a criminal court case exists. Subcategories include “New,” “Completed,” “In Process,” “Transferred”, and “Benefits Paid.” Except for “Benefits Paid,” these subcategories capture their entire AN queue inventory.

Example:

AN	
New	-
I/P	380
Transferred	3
Completed	166
Benefits Paid	\$ 34,319.40

2. Criminal Disposition Case (CD case) is how the CRC Specialist tracks their cases. The CRC Specialist will convert an AN to a CD case if a criminal court case exists for the application filed with CalVCB. The CRC Specialist will associate the offender(s) to the CD case, follow the criminal case, pend the CD case until conviction, request restitution, input the restitution order, and close the CD case. CalVCB is able to run reports based on the data entered into the Criminal Disposition Tracking System (CDTS) to determine how much restitution each CRC county imposed. Subcategories include “In Process,” “Transferred,” “Completed,” and “Restitution Ordered.” These subcategories capture their entire CD case queue inventory and the amount of restitution imposed.

Example:

CD Case	
I/P	638
Transferred	12
Completed	60
Restitution Ordered	\$ 53,391.35

3. Post Disposition Case (PD case) is how a CRC Specialist tracks cases that need modified restitution orders. This queue also contains cases that were closed prior to benefits being paid by CalVCB and now require the CRC Specialist to obtain a restitution order. If benefits are paid after a CD case is closed, and the county’s threshold is met, \$0 - \$2,000, then a PD work item will generate in the CRC Specialist’s queue. The CRC Specialist will determine if the court still has jurisdiction to impose restitution, and if there is jurisdiction, request the case be put back on calendar to modify the original restitution order to include additional benefits paid or to request an initial restitution order. Subcategories include “New,” “In Process,” “Transferred,” “Completed,” “User Blank,” and “Restitution Ordered.” Subcategory “User Blank” identifies PD work items that the system was unable to automatically assign and require the CRC Specialist to manually assign to themselves. These subcategories capture the CRC Specialist’s entire PD case queue inventory and the amount of additional restitution imposed.

Example:

PD Case	
New	39
I/P	125
Transferred	5
Completed	12
User Blank	37
Restitution Ordered	\$ 8,099.10

4. Year-to-Date Impositions. The monthly performance statistics will include the sum of restitution orders imposed by the county on behalf of the Board from the beginning of the fiscal year to the end of the prior month. We will also show the amount encumbered for the county for that fiscal year. This information will be used as a tracker to help the county meet its overall goal.

Determining Measurements

We will group the CRC counties by how many ANs they receive on average each month based on a three-year reporting period. This average and county groups will be reevaluated at the start of each contract term. We will tell each group how many ANs, CD cases, and PD cases, are in process and completed on average each month for their group size. These numbers show it is possible to complete this number of work items in a month.

The Group Categories

- Receives fewer than 100 ANs per month
- Receives 100-150 ANs per month
- Receives 150-200 ANs per month
- Receives 200-1,000 ANs per month
- Receives 1,000+ ANs per month

AN Queue

We will provide each county with the average number of ANs they receive a month based on a three-year fiscal reporting period. We expect each county to complete the same number of new ANs that they receive monthly to prevent incurring a backlog.

CD and PD Queues

We expect each county to complete their group's average of monthly completed CD and PD cases each month to stay current.

Example

County X receives an average of 43 ANs a month and so CalVCB expects County X to complete approximately 43 ANs each month. County X has been grouped with other counties who receive fewer than 100 ANs per month. On average, this group completes 16 CD cases and 4 PD cases per month and so CalVCB expects County X to complete 16 CD cases and 4 PD cases each month.

Year-to-Date Impositions

At a minimum, we expect each county to impose on behalf of the Board an amount equal to the amount paid to the county in that same fiscal year. The monthly statistics will provide the total imposed to date from the beginning of the fiscal year to the end of the prior month as well as the amount encumbered for the county for that fiscal year.

Backlogs

AN backlog

A county has a backlog in the AN queue if the "New" ANs are double the amount the county receives in a month. Additionally, a county has a backlog if the number of ANs "In Process" and "Transferred" is double the average amount of "In Process" and "Transferred" ANs in their county group. If a county has a backlog, we will divide the amount of "New" and/or "In Process" and "Transferred" ANs by 12 months and ask the CRC Specialist to add this amount to their workload until the backlog is completed.

CD Case backlog

A county has a backlog in the CD queue if the number of CD cases "In Process" and "Transferred" is double the average amount of "In Process" and "Transferred" CD cases in the county group. If a county has a backlog, we will divide the amount of "In Process" and "Transferred" CDs by 12 months and ask the CRC Specialist to add this amount to their workload until the backlog is completed.

PD Case backlog

A county has a backlog in the PD queue if the "New" PDs are double the amount the county should complete in a month. Additionally, a county has a backlog if the number of PD cases "In Process" and "Transferred" is double the average amount of "In Process" and "Transferred" PD cases in the county group. If a county has a backlog, we will divide the amount of "New" and/or "In Process" and "Transferred" PDs by 12 months and ask the CRC Specialist to add this amount to their workload until the backlog is completed.

Performance Issues in Queues

If a county does not meet the expectations set forth in their AN, CD, or PD queues, CalVCB will first examine their queues to see if there is a backlog. If there is no backlog, there is no performance issue. If there is a backlog in one or more of the queues, then an initial email (See Step One below) will be sent to the CRC Specialist.

If after any step there is improvement, then we will not move on to the next step. Improvement is defined as meeting the work queue expectations, providing a plan to meet the expectations, or taking tangible steps to meet the expectations. A county may remain on a step if there is

improvement but will not be taken off an internal monitoring list until the issue is completely resolved. If there is no improvement, then the county will move to the next step.

1. **Step One:** CRC Contract Analyst will email the CRC Specialist and ask why they are having an issue in the queue(s). The email will provide CalVCB's inventory performance expectations moving forward to ensure the queue stays current and the backlog decreases. Additionally, the CRC team will schedule a phone call with the CRC Specialist to discuss the inventory performance expectations, offer training, and discuss their plan for moving forward. The CRC Specialist/county will be given three months to show improvement. Within one week of the call, the CRC will provide their plan for improvement in writing.
2. **Step Two:** CRC Contract Analyst will email the CRC Specialist and their Supervisor to reiterate our inventory expectations, provide updated inventory counts, discuss steps taken to resolve the issue, and discuss a new inventory plan. Additionally, the CRC Contract Analyst will schedule a conference call with the CRC Specialist, their supervisor, and the CRC team to discuss how we can work together to improve the work queue(s). The CRC Specialist/county will be given sixty days to show improvement.
3. **Step Three:** CRC Contract Analyst will email a Corrective Action Plan (CAP) to the CRC Specialist and their Supervisor for review. The CRC Specialist and their Supervisor will sign the plan and commit to meeting the inventory performance expectations set forth. The CRC Specialist/county will be given sixty days as outlined in the CRC Contract, Exhibit D (2)(c), to show improvement.
4. **Step Four:** If the CRC Specialist and the county do not meet the performance expectations as stated in the CAP and do not show improvement, the contract analyst will provide a proposal to Executive Management to decrease or cancel the contract within sixty days of the expiration of the CAP.

Yearly Performance Statistics

Yearly performance statistics will be provided by the CRC Contract Analysts on or before August 1st of each fiscal year. The statistics will be sent by email to the CRC Specialist and their supervisor. They will be comprised of AN, CD, and PD statistics and the yearly amount imposed.

At a minimum, we expect each county's restitution order impositions on behalf of the Board to match the annual contract amount. The Board reserves the right to reduce the amount of the contract if the dollar amount of restitution orders imposed by the county on behalf of the Board in a given fiscal year is less than the amount paid to the county in that same fiscal year.

Performance Issues with Impositions

At the conclusion of the fiscal year, if a county is not meeting its imposition targets, the CalVCB will send an email (See Step One below) to the CRC Specialist.

If after any step there is improvement, we will not move on to the next step. Improvement is defined as meeting the imposition expectations, providing a plan to meet them, or taking tangible steps to meet them. A county may remain on a step if there is improvement but will not be taken off an internal monitoring list until the issue is completely resolved. If there is no improvement, the county will move to the next step.

1. **Step One:** The CRC Contract Analyst will email the CRC Specialist and ask why they are having an issue with impositions. CalVCB will reiterate the contract expectations, offer assistance, and discuss the county's plan for improvement. The Specialist and county will be given three months to show improvement.
2. **Step Two:** The CRC Analyst will email the CRC Specialist and their Supervisor to reiterate CalVCB's expectations, discuss steps taken to resolve the issue, and discuss a new plan for improvement. The Specialist and county will be given sixty days to demonstrate improvement.
3. **Step Three:** The CRC Analyst will email a Corrective Action Plan (CAP) to the CRC Specialist and their Supervisor. The Specialist and Supervisor will sign the plan and commit to meeting the performance expectations in the CAP. The Specialist will be given sixty days to show improvement.
4. **Step Four:** If the CRC Specialist and county do not meet the performance expectations outlined in the CAP and do not show improvement, the CRC Analyst will provide a proposal to Executive Management to decrease or cancel the contract within sixty days of the termination of the CAP.

Issued By: Information Technology Division

Purpose

The Victim Compensation Board's (CaIVCB) Information Security Policy defines the rules for information security that apply to our business activities. This Policy also provides a foundation for additional practices and standards that will more specifically communicate CaIVCB rules related to information security.

Information Security Program

The CaIVCB has established an Information Security Program to protect the confidentiality, availability, integrity, and privacy of CaIVCB information and supporting assets. The Information Security Program provides an integrated set of requirements that complement the CaIVCB strategic goals and securely achieves its objectives and priorities.

Responsibility

The Information Security Officer (ISO) is responsible for developing, implementing, and operating the Information Security Program. The ISO reports directly to the CaIVCB ITD Chief Information Officer.

The ISO will develop and implement policies, practices, and guidelines that protect the confidentiality, availability, and integrity of all CaIVCB information and supporting assets. The ISO also promotes information security awareness, measures adherence to information security policies, and coordinates the response to information security incidents.

The ISO chairs the Information Security Advisory Committee that includes members representing all CaIVCB divisions. The Information Security Advisory Committee is responsible

POLICY MEMO

for reviewing, advising, and recommending approval of information security practices and standards.

The Information Technology Division is responsible for the implementation and administration of CalVCB information security policies, practices, and guidelines for all CalVCB information systems and networks.

All CalVCB employees, consultants, and contractors are responsible for protecting CalVCB information assets and complying with CalVCB information security policies, practices, and guidelines. All CalVCB employees, consultants, and contractors are also responsible for reporting any suspected or known security violations or vulnerabilities to the ISO.

Compliance

All CalVCB employees, consultants, and contractors must comply with CalVCB information security policies, practices, and guidelines.

Failure to comply with CalVCB information security policies, practices, and guidelines by State employees may result in disciplinary action up to, and including, termination of State employment.

Failure to comply with CalVCB information security policies, practices, and guidelines by consultants or contractors may result in punitive action up to, and including, termination of their contract.

In some cases, the failure to comply with CalVCB information security policies, practices, and guidelines may result in additional civil and criminal penalties.

Compliance of CalVCB divisions and offices with CalVCB information security policies, practices, and guidelines must be enforced by the supervisors and managers of these divisions and offices. The CalVCB overall compliance with information security policies, practices, and guidelines will be monitored by the ISO.

Risk Management

The CalVCB will identify and mitigate risks to the confidentiality, availability, and integrity of CalVCB information assets. Information security risks must be reported to the owner of the information or the information system asset and the owner of that asset will ultimately determine the impact of the risk and the appropriate mitigation approach.

POLICY MEMO

The ISO operates the Information Security Risk Management program. Under this program, the ISO participates in the development of new information systems and periodically assesses existing information systems to identify and mitigate information security risks. The ISO works with the appropriate CalVCB divisions and offices to determine the impact of the risk, identify the appropriate mitigation activities, and monitor the successful completion of the mitigation activities.

Life Cycle Planning

The CalVCB will address information security as part of new projects involving major business activities or significant enhancements to existing business.

Projects will comply with all applicable information security policies and practices, and include provisions for the effective implementation and administration of the information security processes required for compliance.

Awareness and Training

The CalVCB maintains a mandatory information security awareness program. The ISO will ensure that the appropriate information security awareness training is provided to all CalVCB employees, consultants, and contractors.

Physical Security

The CalVCB safeguards its business areas and resources to protect and preserve the availability, confidentiality, and integrity of the department's information assets. Only authorized individuals are granted physical access to sensitive CalVCB business areas.

Contingency and Disaster Preparedness

The CalVCB Business Services Section ensures that the CalVCB has sufficient plans, resources, and staff to keep critical CalVCB business functions operating in the event of disruptions.

Contingency plans must be tested at a frequency sufficient to ensure that they will work when needed.

POLICY MEMO

Incident Handling

The CalVCB ISO implements practices to minimize the risk associated with violations of information security and ensure timely detection and reporting of actual or suspected incidents or violations.

All CalVCB employees, consultants, and contractors are responsible for reporting any suspected or confirmed security violations and incidents in a timely manner. The CalVCB investigates information security violations and incidents and refers them to state and federal authorities when appropriate.

Identification and Authentication

All users are individually identified to the information system(s) they use. Their identity is verified in the system by using information that is only known by the individual user and the system. The user and the system will protect this verification information with sufficient care to prevent its disclosure and ensure its integrity.

The identification and verification process must be strong enough to establish a user's accountability for their actions on the information system.

Access Control

Access to all CalVCB information systems and information assets is controlled and the owner of each system or information asset must approve all user access. Users are provided access to only those systems and information assets required to perform their current CalVCB duties.

The CalVCB information systems must have the capability to restrict a user's access to only information and/or functions necessary to perform their CalVCB duties.

Audit Trail

All information system activities are subject to recording and routine review. Audit trail records must be sufficient in detail to facilitate the reconstruction of events if a compromise or malfunction occurs.

Audit trail records must be provided whenever access to a CalVCB information system is either permitted or denied; or whenever confidential or sensitive information is created or modified.

POLICY MEMO

Audit trail records are created and stored with sufficient integrity and duration to hold a user accountable for their actions on a CalVCB information system.

Data Ownership

All information assets have a Data Owner who is assigned by CalVCB management. The Data Owner is responsible for authorizing access to the information, assignment of custody for the information, classifying the information, and approving any contingency plans affecting the information.

Information Classification

All CalVCB information assets are classified by their Data Owner according to the confidentiality of the information and its importance to CalVCB operations. In addition to any classification of information required for business purposes, the classification identifies if the information is confidential or subject to release as a public record as required by law. It also identifies information critical to the continuance and success of CalVCB operations.

Information System Security Practices

All CalVCB information systems and information system infrastructure elements will have specific practices, guidelines, and procedures that govern their operation relative to information security. All CalVCB information systems and information system infrastructure elements will conform to these practices, guidelines, and procedures unless the ISO has approved a specific exception.
