Monterey County Capital Improvement Plan - 5 Year Plan

23/24 thru 27/28

Project #: Admin 2021-01 EV Project name: Electric Charging S	tations at Various Cou						
Type Equip			~	Department	Administration		
Funding Status First Y				-	Design/Plannin	g	
Useful Life 20 Yea	rs			Fund	TBD		
Contact Cora P	anturad, 831-755-5338			Dept. Priority	1		
Description							
This project is to install multiple EV of certain scenarios. Central Coast Comma cross the County would be good can others. These sites will likely require and installation provided through coo- conditions and the extent of upgrades	nunity Energy (3CE) is a didates, such as the Mont nore extensive site prepa perative contracts. Coun	lso offering \$2 terey or Salinas aration. Site rea	0,000 per pro s Courthouse, adiness would	ject to support insta the Natividad Jail or typically be perform	llation and hardw hospital, the Hea ed through JOC c	are costs. Vario lth Departmer ontractors wit	ous facilities it Building, and n EV hardware
Justification							
The County Fleet and employee comr Action Plan and the targets of SB32, t money by switching to electric and hy more than making up for the differen hardware becomes available to the Cc hardware opportunities if installation Project Status and Goals/Tasks to be C	brid vehicles because the ce in vehicle price. Statio unty annually, and the C can be funded.	e cost of fuel ca ns should be ir County can leve	n be 60% less istalled strateg	than the cost of fuel gically to coordinate	for a regular inter with other parkin	rnal combustio g lot projects. 1	n engine vehicle, Free EVCS
