

Memorandum of
Understanding between the
Monterey County Workforce Development Board
(County) and the partners of the
America's Job Center of California / One-Stop Delivery System (Partners)

I. Preamble/Purpose of MOU

In accordance with Section 121(c) of the Workforce Innovation and Opportunity Act (WIOA), this Memorandum of Understanding (MOU) has been developed and executed between the Monterey County Workforce Development Board and the America's Job Center of CaliforniaSM (AJCC) One-Stop System partners to establish an agreement concerning the operations of the AJCC / One-Stop delivery system. The purpose of the MOU is to establish a cooperative working relationship between the parties and to define their respective roles and responsibilities in achieving the policy objectives. The MOU also serves to establish the framework for providing services to employers, employees, job seekers and others needing workforce services.

California's one-stop delivery system, the AJCC, is a locally driven system which develops partnerships and provides programs and services to achieve three main policy objectives established by the California Workforce Development Board's Strategic Plan, which includes the following:

- Foster demand-driven skills attainment
- Enable upward mobility for all Californians
- Align, coordinate, and integrate programs and services

These objectives will be accomplished by ensuring access to high-quality AJCC / One-Stops that provide the full range of services available in the community for all customers seeking the following:

- Looking to find a job
- Building basic educational or occupational skills
- Earning a postsecondary certificate or degree
- Obtaining guidance on how to make career choices
- Seeking to identify and hire skilled workers

II. Local Vision Statement, Mission, Statement, and Goals

A. Vision

The Monterey County Workforce Development Board (MCWDB) vision is to improve the economy by promoting and supporting alignment of workforce and educational programs with priority industry sectors and local business needs. The MCWDB is designated by the Federal Workforce Innovation and Opportunity Act of 2014 (WIOA) and appointed by the Chief Elected Officials (CEO) to provide strategic policy, develop and enter memorandums of understanding with America's Job Center of California (AJCC) partners, designate or certify AJCC operators and conduct oversight and evaluation of the local workforce

development system. The MCWDB is charged with coordinating and leveraging workforce strategies between industry leaders, including organized labor, workforce professionals, education and training providers, and economic development leaders to develop workforce policies which support local economic growth and economic self-sufficiency. Collectively these stakeholders, will work together to ensure that local workforce development, career services, and job training programs critical to the community, are offered through the AJCC delivery system and meet the needs of job seekers and businesses while preparing an educated and skilled workforce.

B. Mission Statement

To prepare and build a pipeline of an educated and skilled workforce, it is critical to know and understand the Coastal Regional Planning Unit (RPU) economic data, background analysis, and priority industry sectors so that local areas including MCWDB's local area may develop goals and strategies to prioritize investments where overall economic returns are likely to be highest, specifically in industry sectors that will generate significant gains in terms of jobs and income.

C. Principles and Goals of the AJCC Delivery System from a Local Viewpoint

Key Strategic Goals, Strategies and Actions:

The MCWDB has identified three priority areas to organize its strategies for preparing an educated and skilled workforce over the next four years in partnership with core partners of the AJCC delivery system. The priority areas include:

1. Employer Engagement

The Monterey County Workforce Development Board (MCWDB) prioritizes employer engagement to better align workforce efforts with the needs of local industries, particularly in high-priority sectors. The updated strategy includes:

- a) **Strengthening employer engagement initiatives** that connect job seekers with industry demands, with focused outreach to **small businesses** and **priority industry sectors**.
- b) **Implementing common performance measures** across partners to effectively track employer services and engagement activities.
- c) **Leveraging and expanding proven models**, including MCWDB's Sector Strategies, regional initiatives, and Labor Market Information (LMI) systems, to **minimize duplication** and enhance employer outreach.
- d) **Enhancing work-based learning opportunities**, such as internships, customized training, incumbent worker training, and registered apprenticeships, to improve workforce readiness and job placement outcomes.

2. Aligning Career Pathways and Sector Strategies

MCWDB is committed to increasing the number of individuals who obtain **industry-recognized credentials and degrees** by aligning career pathways with sector strategies. Updated priorities include:

- a) **Developing stackable, industry-valued credentials and career pathways with multiple entry and exit points**, tailored to diverse populations including youth, adults, and dislocated workers.

- b) **Conveying employer input** through industry convenings to ensure training programs remain aligned with evolving workforce demands.
- c) **Collaborating with community colleges and other training providers** to design programs that align with sector strategies and support seamless career advancement.
- d) **Expanding services for out-of-school and disconnected youth**, including increased access to work experience and career opportunities in high-growth sectors.
- e) **Tracking progress toward self-sufficiency** using updated performance indicators, including livable wages, retention rates, credential attainment, job quality, and customer satisfaction.
- f) This approach advances **youth employment initiatives** and aligns directly with local strategies to **develop workforce skills** and ensure long-term economic sustainability.

3. System Alignment and Accountability

To build a responsive and effective workforce system, MCWDB is enhancing coordination, integration, and accountability among America's Job Center of California (AJCC) partners. The revised system alignment strategy includes:

- a) **Reducing duplication in services** and improving efficiency through enhanced **partner presence** at AJCC locations and expanded **virtual service delivery**.
- b) **Applying human-centered design principles** to refine the customer flow across all touchpoints—intake, assessment, referral, and job placement—focused on in-demand sectors.
- c) **Strengthening cross-agency partnerships** to better serve underrepresented and disadvantaged populations, including individuals with limited English proficiency, basic skills deficiencies, and other barriers to employment.
- d) **Implementing cost-sharing strategies** across the North Central Coast Regional Planning Unit to optimize investments in procurement, staff training, digital tools, and performance evaluation systems.
- e) **Offering cross-training for AJCC partner staff** to improve the effectiveness of services delivered to **priority populations**, including unemployed, underemployed, low-income individuals, veterans, individuals with disabilities, youth, and other vulnerable groups.

By aligning with the updated local and regional workforce development priorities, the MCWDB and its partners are committed to driving **continuous improvement, system integration, and equity in service delivery**. These efforts will ensure that Monterey County's workforce development system remains responsive, inclusive, and effective in meeting the needs of both job seekers and employers in a dynamic economy.

With respect to funds allocated to a local area for adult employment and training activities, priority shall be given to recipients of public assistance and other low-income individuals, and individuals who are basic skills deficient for receipt of WIOA career and training services. Local WDBs may establish additional priority groups for priority of service.
- b. WIOA provides for a workforce system that is universally accessible and customer centered, and for training that is job driven. Long-term unemployed individuals with a barrier to employment may be enrolled under this priority. Employed individuals enrolled under this priority must have a barrier to self-sufficient employment.

Priority of service status is established at the time of eligibility determination and does not change during the period of participation. Priority of Service does not apply to the WIOA Dislocated Worker program.

3. All parties to this MOU will ensure that their policies, procedures, programs, and services are in compliance with the Americans with Disabilities Act of 1990 and its amendments, in order to provide equal access to all customers with disabilities.

XII. Grievances and Complaints Procedure

1. All AJCC One-Stop System partners agree to establish and maintain a procedure for grievance and complaints as outlined in WIOA. The process for handling grievances and complaints is applicable to both customers and partners. These procedures will allow the customer or entity filing the complaint to exhaust every administrative level to receive a fair and complete hearing and resolution of their grievance. The partner further agrees to communicate openly and directly to resolve any problems or disputes related to the provision of services in a cooperative manner and at the lowest level of intervention possible.
2. Sharing Other One-Stop System Costs

When sufficient data is available from all non-co-located partners, it is anticipated that, as part of the MOU Phase II process, a determination will be made during the negotiation of the IFA regarding each partner's proportionate share of other one-stop system costs, and a complete and updated list of career services provided by AJCC partners and a Consolidated Budget for the delivery of applicable career services will be developed.

Process and Development

- e. Steps the Local Board, CEO, and AJCC partners took to reach consensus and/or an assurance that the Local Area followed guidance for the state infrastructure funding mechanism:

The AJCC and One-Stop System Partners committed to use the “WIOA Sample Infrastructure Funding Agreement and Other Systems Costs Budget” to complete the IFA and to negotiate a new IFA at a future date, to be completed no later than December 31, 2025.

- f. A description of the process to be used among partners to resolve issues during the MOU duration period when consensus cannot be reached:

The AJCC/One-Stop partners agree to communicate openly and directly to resolve any problems or disputes related to negotiating cost allocations and the fair and equitable contribution to the costs of maintaining a comprehensive and affiliate AJCC/One-Stop delivery system in the community. The partners agree to work in a cooperative manner and to resolve any disputes at the lowest level of intervention possible.

If disputes cannot be resolved at the AJCC/One-Stop partner level, the issue will be brought to the attention of the One-Stop Operator and all parties to this MOU regarding the conflict. If any dispute cannot be resolved by the One-Stop Operator, it shall be forwarded to the Monterey County WDB Executive Director to place the dispute on the agenda of a special meeting of the Monterey County WDB Executive Committee. The Executive Committee shall attempt to mediate and resolve the dispute. Disputes shall be resolved by a majority consent of the Executive Committee members present. Thereafter, the Monterey County WDB Executive Director will contact the appropriate parties to verify that all agree with the proposed resolution.

- g. A description of the periodic modification and review process that will be used to ensure all AJCC partners continue to contribute their fair and equitable share of infrastructure and other system costs, including the identification of who will fulfill this responsibility. This must include a reconciliation schedule. (Who, What, When, How):

The Monterey County WDB's finance manager was designated by the partners to be responsible for convening the partners of the MOU Phase II to conduct the periodic modification and review process of the infrastructure funding agreement and sharing of other system costs. The WDB finance manager plans to review and reconcile the infrastructure and other system cost budgets periodically throughout the program year against actual costs incurred. Upon the closeout of each fiscal year (June 30), a report with proposed modifications will be made available by the WDB finance manager to the mandated partners to ensure that partner contributions are proportionate to their use of the AJCC/One-Stop and relative benefits received.

The partners agree that renewal of this MOU requires all parties to review and agree to all elements of the MOU and to re-sign the MOU. Any amendments or modifications of the MOU only require the parties to review and agree to the elements of the MOU that changed. Non-substantive changes to the MOU, such as minor revisions to the budget or adjustments made due to the annual reconciliation of the budget, do not require renewal of the MOU. Substantial changes, such as changes in AJCC/One-Stop partners, will require renewal of the MOU. All parties understand that the MOU shall be reviewed every year and updated as substantial changes occur.

- h. Assurance from all non-co-located partners that they agree to pay their proportionate share of infrastructure costs as soon as sufficient data are available to make such a determination: Signatures of authorized representative(s) of the Local Board, the CEO, and all AJCC partners:

The signatories to this MOU agree to contribute their proportionate share of infrastructure costs for the comprehensive AJCC/One-Stop once sufficient data are available to determine such costs. Costs will be negotiated between the Monterey County Workforce Development Board and the non-co-located partners based on the following:

- i. Data provided by the State for this purpose.*
- ii. Regulations and directives regarding this requirement issued by the partner's funding source.*
- iii. Locally agreed upon methodology for allocating costs to determine proportionate benefit.*
- iv. Locally agreed upon definition of benefit; and*
- v. Negotiated methods and timeframe for making the agreed upon contribution.*

Cost Allocation Methodology to Share Agreed Upon Infrastructure Costs

Because of the need to provide maximum flexibility to accommodate our partners, costs, and budgets in the local area, the cost allocation methodology to share infrastructure costs for the comprehensive AJCC/One-Stop is based on the following:

- Monterey County Workforce Development Board - infrastructure costs shall be calculated based on a specific program's occupancy percentage of the AJCC/One-Stop (square footage).

The comprehensive AJCC/One-Stop is a leased building which includes utilities such as gas, water, sewer connections, and internet access. Some space costs are not allocable to all co-located partners and are therefore assigned proportionately to the partners that use that space. The percentages and usage will be reviewed annually and revised as needed.

Explanation of Initial Proportionate Share of Infrastructure Costs Allocated to Each Co-located Partner

The initial proportionate share of infrastructure costs allocated to each partner is based on the agreed upon cost allocation methodology, each partner's estimated total contribution amount, and whether it will be provided through cash, non- cash (in-kind), and/or third-party in-kind contributions. This initial determination must be periodically reconciled against actual costs incurred and adjusted accordingly.

AJCC partners (or their respective state entity) may provide cash, non-cash, and third-party in-kind contributions to cover their proportionate share of infrastructure costs. If non-cash or in-kind contributions are used, they cannot include non-infrastructure costs (such as personnel), and they must be valued consistent with Uniform Guidance Section 200.306 to ensure they are fairly evaluated and meet the partner's proportionate share.

If third-party in-kind contributions are made that support the AJCC(s) as a whole (such as space), that contribution will not count toward a specific partner's proportionate share of the IFA. Rather, the value of the contribution will be applied to the overall infrastructure budget prior to determining proportionate amounts and thereby reduce the contribution required for all partners.

MOU Content Requirement:

The State is in the process of implementing the requisite statewide data tracking system, and once such data are available, all non-co-located partners who are receiving benefit from the AJCCs will also be required to contribute their proportionate share towards infrastructure costs. Consequently, the MOU must include an assurance from all non-co-located partners that they agree to pay their proportionate share of infrastructure costs as soon as sufficient data are available.

By signing below, all parties agree that when data are available to determine the AJCC benefit to non-co-located partners, the infrastructure cost sharing agreement will be renegotiated to include their proportionate share of contributions.
