Monterey County 2025 Policy Priorities

Protecting Monterey County Values

The County of Monterey has a long tradition of providing a welcoming, safe, and sustainable community for its residents. People are entitled to live their life as they see fit and access public benefits and resources free of fear, hate or retribution. The County is resolute in its commitment to preserving the values that define this community including fundamental civil rights, reproductive freedom, protection of immigrants, and more. The County will rigorously advocate to protect and preserve:

- ***Immigrants:*** Oppose efforts that unfairly target documented and undocumented immigrants including but not limited to separation of migrant families at border crossings, large-scale deportations, efforts to limit or eliminate Deferred Action for Childhood Arrivals (DACA).
- ***Data Privacy:*** Support effort to protect data privacy for individuals who have provided personal information to any private or governmental institution and ensure that such data is only used for the purpose for which it was originally provided.

Monterey County 2025 Policy Priorities

- **Public Health:** Oppose efforts that diminish public health initiatives such as access to preventative healthcare services and vaccines.
- **Reproductive Freedom:** Support efforts to defend and protect reproductive freedom, including the right to access safe, legal abortion services. Support legislation to codify the U.S. Supreme Court decision in *Roe v. Wade*.
- **Marriage Equality:** Support and defend marriage equality as a constitutional right.
- **Climate Change:** Support efforts to continue to combat the very real climate change impacts experienced in the County and throughout California (e.g., wildfires, winter storms).
- **Disaster Assistance:** Oppose cuts to the Federal Emergency Management Agency (FEMA). A well-funded FEMA is critical to partner with local communities to prepare for and recover from natural disasters, and to provide opportunities for federal funding/grants to supplement county services.

Monterey County 2025 Policy Priorities

- ***Freedom of Thought and Expression:*** Support efforts to preserve access to freedom of thought and expression, as available through a variety of institutions, such as libraries and museums.
- ***Combating Disinformation:*** Foster access to reliable and factual content from trusted news outlets, social media channels, and other information sources. Promote media literacy, equipping individuals to independently fact-check and analyze potentially deceptive or misleading data.
- ***Education:*** Oppose any efforts to limit or abolish the U.S. Department of Education.
- ***Military Personnel and Veterans:*** Support the rights of veterans and members of the military, including women who seek to serve in combat roles, LGBTQ and transgender populations.
- ***Defense institutions:*** Support efforts to enhance, grow, and protect national security assets in the Monterey Bay Area and oppose Base Realignment and Closure (BRAC) and similar Department of Defense proposals, which would diminish local missions and negatively impact the economy.
