Interests & Experiences

Please tell us about yourself and why you want serve. *

I am a former collegiate soccer player, lifelong athlete, and dedicated advocate for women's health, equity, and empowerment. As a mother of two young children, I understand firsthand the challenges women face in balancing personal, professional, and societal expectations. My experience as an athlete and coach has fueled my passion for helping others become the best version of themselves, especially in supporting women to realize their strength, potential, and power. Through my work in postpartum fitness, community engagement, and youth sports, I have seen the transformative impact of inclusive spaces that uplift and support women. I want to serve on the Commission on the Status of Women to help drive systemic change, eliminate discrimination, and create opportunities that empower all women in Monterey County to thrive.

Please state the reason you would like to be a member of this board committee/commission/district. *

I want to serve on the Commission on the Status of Women in my district because I have personally experienced the challenges that many women face in accessing essential resources. As a mother, I struggled to navigate the healthcare system, often unaware of what support was available to me and frequently brushed off by providers when I voiced concerns about symptoms that significantly impacted my well-being. As a parent, I have faced difficulties in finding the right resources to support my children's development and education. And as a woman business owner, I struggled to find mentorship and even the most basic guidance to help me establish and grow my business. The lack of representation and accessible, relevant information made it even harder to find resources that truly resonated with my experiences and needs. I believe we can do better. Our district needs to ensure that women are supported, informed, and empowered to take care of themselves, their families, and their futures. I want to serve on this Commission to help create a more inclusive and accessible system of resources so that all women in our community feel equipped to make positive changes in their lives and their communities.
