post-custody rehabilitative services through the DRC to parolees transitioning into the community post State incarceration. The DRC follows an evidence-based model and offers a variety of programs, including counseling, treatment, life skill classes, and employment services to eligible participants under Probation supervision and parolees under State supervision residing in Monterey County. The DRC is open seven days a week and has an expanded capacity of up to 100 clients per day.

CDCR and Probation wish to further amend the Agreement to continue partnering and providing these services to eligible participants. The proposed Amendment No. 4 increases the State funding amount by \$328,650 for a total contract amount not to exceed \$1,704,300 and extends the term for an additional year through June 30, 2025, to allow for the continuation of services through fiscal year 2024-2025.
